## MOTHER DENIES ROBBERY STORY

*Indiana State Library*  
**JOHN W. JOHNSON PLACED ON TRIAL**

Mrs. Nina Lewis Declares Account of How Her Son Was Shot at Osborn, O., is False

### TOLD IN A DISPATCH SUNDAY

Robert Abels Dies From Wound Inflicted by Marshall, But Robbery Was Not Attempted

Private funeral services will be conducted Tuesday afternoon at two o'clock over the remains of Robert Abels, age 20 years, son of Mrs. Nina Lewis, at the residence of Mrs. Al Robertson, 334 East Tenth street, by the Rev. L. E. Brown and interment will be made in East Hill cemetery.

The young man died Saturday morning following an operation for intestinal wounds, which he sustained the night before when shot by William Schneider, town marshall of Osborn, O., who accused him of attempting to rob a hardware store in that village. Two other companions of Abels were also shot, but will recover.

Mrs. Lewis, mother of the victim, stated today that an account of the tragedy appearing in the Indianapolis Sunday Star, in the form of a dispatch from Springfield, O., was wrong, and that the trio were not entering a store, but were shot while standing in an alley, some distance from the rear of the hardware store.

She stated that the three young men were drinking and the marshall stepped upon them and flashed a light in their faces, and when young Abels turned his body from the light, he shot him, the bullet entering his intestines. An investigation is being made to determine where the boys got the liquor, according to Mrs. Lewis.

The other two companions then opened fire on the officer and he returned fire, wounding both of them, but not seriously. Abels was removed to a hospital, where he died Saturday morning following an operation. His mother arrived before he died, and he told her the story.

Mrs. Lewis stated that when she left, that no charges had been preferred against the other two boys. The dispatch from Springfield gave the impression that the three were caught after a store had been robbed, or an attempt had been made to rob it.

Young Abels served four years in the navy, and was discharged about a year ago, and was stationed in the Fairfield aviation camp, near Dayton, having enlisted in the aerial service, as stated previously.

Friends may call at the residence of Mrs. Robertson any time up until noon Tuesday and relatives and immediate friends may attend the funeral services.

## STRIKE CALL HELD VIOLATION OF LAW

Supreme Court Decides International Association of Machinists Disobeyed Statute

### DANBURY CASE IS RECALLED

(By United Press)

Washington, Jan. 3.—The supreme court today held that the International Association of Machinists in the call for strike at the plant of Duplex Plant Printing Company, Battle Creek, Mich., also their refusal to set up its presses in all parts of the country, was a conspiracy in restraint of the interstate commerce commission and violation of the anti-trust laws.

The company claimed that the motion of the union was similar to that of the noted Danbury Hatters case when the court held a big walkout was in restraint of interstate commerce while the machinists claim this view was set aside by the Clayton amendment to the Sherman law, which exempted labor unions from such prosecution.

The court held the Clayton law did not legalize boycotting such as was indicated in the alleged machinists walkout.

## NEW SALEM CORN SHOW ANNOUNCED

Prizes to be Awarded on Yellow, White and Mixed Class and Also in Women's Exhibit

### CLASSES FOR THE GIRLS TOO

Program is Arranged by Noble Township Farmers Association and Women's Auxiliary

The Noble Township Farmers association and the Woman's auxiliary are planning a joint corn show and culinary exhibit with a noon pitch-in dinner at the school building in New Salem, Saturday, January 8.

Premiums will be awarded to the township farmers on white, yellow and mixed corn; to the township women on bread and cake and to the girls on sewing and cooking.

The committees in charge of the affair are very anxious to secure as many entrants in the exhibit as possible.

The new machine which has just been installed, however, is a straight news machine and will give the paper a chance to provide its patrons with more news each day.

This additional equipment is added with the idea of giving better service and the Daily Republican begins the new year with this aim in view. It has always been the desire of the Republican to improve its service constantly and to keep pace with the progress made in the publishing of a newspaper.

The Daily Republican has been rewarded for its efforts by loyal and increasing support from the people of the county, which it hopes to continue to merit in the years to come.

## SPICELAND PHONE DISPUTE SETTLED

Patrons of Mays and Spiceland Exchanges Adjust Differences With Company

### LATE ORDER TO BE CHANGED

Committees and Manager Agree on Changes and Petition Will be Filed With Commission

The dispute between the Spiceland Co-operative Telephone company and the patrons of the Mays exchange over the increase in rates effective Saturday which reached the stage where some of the Mays patrons ordered their telephones removed, has been compromised satisfactorily, it was announced today.

The compromise is subject to the approval of the state public service commission, which will undoubtedly be granted. Patrons of the Spiceland exchange owned by the company, also had a part on the adjustment of the dispute, because they also had protested in the increase following the actions of the Mays patrons.

The compromise was reached at a meeting of the Mays and Spiceland committees, representing the patrons of both exchanges, with A. R. Martner, manager of the telephone company, Saturday. It was agreed then that a petition would be presented to the state commission today, asking for the changes in the recent order increasing rates, which were agreed on at the meeting.

It was stated that the agreement calls for a readjustment of rates and some changes in service. Neither the committee nor Mr. Martner would make public the terms of the compromise, desiring the approval of the public service commission before the matter is made public.

The rates for the entire plant of the Spiceland Co-Operative Telephone company were increased 22 percent by recent order of the commission. Some of the patrons, depending on the class of service, were hit as high as forty-two percent, but the average for the whole system was 22 percent. The agitation against the change was first started in Mays. An indignation meeting was held there last week and, it is stated, ninety patrons of the company signed an agreement to discontinue their phone service if the rates were not adjusted.

The Mays subscribers appointed a committee to meet with Mr. Martner. Several conferences were held.

Continued on Page Five

## Third Linotype Added to Daily Republican Equipment

The Daily Republican today added to its equipment a linotype machine of a late type.

This gives the Republican three type-setting machines with which to set news, advertisements and job work and puts the newspaper in a class by itself. Few if any newspapers in cities the size of Rushville are as well equipped with type-setting facilities as the Republican.

The addition of the new machine gives the Republican an opportunity to serve its patrons better because more news can be put in type every day and a much better newspaper can be issued.

It has long been the ambition of the Republican to install the third linotype machine, but the opportunity to do so never presented itself until a few months ago when the Republican company was able to buy a machine. During the war it was next to impossible to get delivery on a machine, but in the last year the demand for them has not been so great.

The new machine which has just been installed, however, is a straight news machine and will give the paper a chance to provide its patrons with more news each day.

## GIVES OUT LIST FOR SHORT COURSE

Purdue Announces Six Lines of Work at Annual Winter Session For Benefit of Farmers

### CORN SHOW JAN. 10 TO 14

Many Classes and Valuable Premiums are Offered—no Tuition Charged For Short Courses

The program for the annual Farmers' Short Course of Purdue University has been received here by County Agent D. D. Ball, and others as well as the premium list for the state corn show, which will be held at the University the same time that the short course is in progress, during the week from January 10 to 14.

Six complete short courses are offered, the subjects being home economics, dairying, horticulture, poultry raising, stock raising and soils-crops. Classes in each of the courses continue throughout the five days. Evening programs have been arranged four days of the week. Addresses and lectures on current problems of the farmer will be given at these evening meetings.

The state corn show will be held during the week under the auspices of the Indiana Corn Grower's Association. Many classes with valuable premiums for each class are offered.

Every farmer is eligible to enter a display of corn in the show. Classes for wheat, oats and soy beans are also included in the premium list of the show.

The annual student apple show will be held in the horticultural greenhouse during the week. The exhibits in this show consist of plates of five apples each.

The school of agriculture of the university has announced winter courses in different phases of agriculture lasting from January 17 to March 11. Four plans of study are offered in these courses including general agriculture, animal husbandry, dairy manufacturing and home economics. The dairy department offers a course for creamery field men lasting from January 24 to 29. The farm mechanics department offers three tractor courses of two weeks each beginning January 31, dealing with problems arising in the operation of tractors and tractor-drawn implements. The horticultural department offers a course to fruit growers from February 7 to 11 and a course for canners from February 21 to 25. Complete information on these courses can be had from the dean of agriculture at the university.

The commissioners were to open bids late this afternoon for supplies at the county poor farm.

A large delegation of farmers from Anderson township was present to urge the construction of the Tunyas road, the plans for which were approved by the board a few years ago. The road runs from Old Williamstown one mile north and thence east to the Carr road. The O. E. Humes petition calls for the permanent improvement of Harrison street from the south end to Eighth street, and of Eighth street from Harrison east to the Fort Wayne road.

## VIOLENCE FEARED; BANDITS ARE MOVED

Quartet Who Robbed Culver Exchange Bank Last Wednesday Are Taken to State Prison

ONE OF VICTIMS MAY DIE

Michigan City, Ind., Jan. 3—J. J. Fox, Joseph Beyers, J. R. Burns and Albert Gilbert, captured last Wednesday following an attempt to hold up the Culver (Ind.) Exchange Bank, who late Saturday were secretly removed from the Marshall county jail at Plymouth and taken to South Bend because of fear of mob violence are now behind the bars of the State Prison at Michigan City. The fear of violence was due to the serious condition of Jacob Saine, a Culver merchant, who was shot by the robbers while they were attempting to loot the bank last Wednesday.

Authorities at Plymouth and Culver say they are without a clew to the whereabouts of the fifth member of the bandit party, who escaped after the daring daylight robbery. He is believed to have made his way to shelter in the Chicago underworld, but officers expressed belief that he had left Chicago.

Considerate Hen.  
A hen which deposits a fresh breakfast egg on her owner's bed, and then awakens him at the proper time to consume the fruits of her industry, is states the Timber Trades Journal, the prized possession of a sawmill employee at Bend, Ore. Retiring at 3 a.m.—the end of his working day—the man leaves open the window at his bedside. Shortly before noon the hen flies in, nestles near her master's shoulder, lays her egg, and rising, pecks the sleeper gently on the forehead.

## TARIFF BILL THIS SESSION IS DOOMED

Senator Watson Believes all of The Time in Congress Will be Devoted to Appropriations

CONFERS WITH SEN. PENROSE

Indiana Senator is Prohibited From Taking Much Exercise But Holds Conferences

Washington, Jan. 3—"There's not a ghost of a chance to get any of the tariff or tax bills through at this session of Congress," said Senator James E. Watson Saturday night after he had concluded a long conference with Senator Boies Penrose.

Both senators are far from well and both are incapacitated for much walking, but they had a long automobile ride today in Senator Penrose's big red car, with which Washingtonians have become familiar and which they have missed in the last few months. They discussed public matters with as much interest and keenness as though they were both sound.

"I have deep sympathy for any one who is sick," said Senator Penrose in announcing that he would call on Mr. Watson, "and especially a senator, for I know what it means to be laid up."

Senator Watson is prohibited from taking much exercise, but is permitted to motor daily. Senator Penrose has difficulty in walking and uses a wheel chair a good deal, but he intends to walk into the Senate Monday and again take an active part in its affairs.

There seem to be two diagnoses in Senator Watson's case and the result of certain tests are awaited to determine which line of treatment is to be pursued.

In the meantime Senators Penrose and Watson are chafing for action and together they went over the general situation today.

Senator Penrose naturally wanted to obtain the general views of Senator Watson, who has been acting for the Pennsylvania senator during his illness and absence of Congress," said Senator Watson after his conference with Senator Penrose. "Appropriation bills said to aggregate more than \$5,000,000,000 are pending before congress and must be acted upon. But two months remain of this session and there will be practically no opportunity to pass any legislation except appropriation measures. I doubt very much if it would be possible to pass a single measure affecting the tariff or taxation before the end of this Congress.

"Our Democratic friends are becoming active in their opposition to the pending tariff bill and opposition to it is springing up in various parts of the country. Any bill may be sidetracked for an appropriation bill at

# Nickels and Dimes

## Come Easy

They can be made to increase rapidly because they are so plentiful.

Joe Baker, one of our customers, dropped into the bank last December and asked this question, "What's all this noise about saving your nickels? I never saved much but could easily save a nickel every day." It was during the

## Christmas Thrift Club

period and we induced Joe to start an account on the 5c Progressive Plan. To his surprise, when the Club ended, Joe had \$64.15 saved to enjoy his Christmas Holidays. This year he is going to save his dimes.

### HERE ARE THE PLANS

#### PLAN B—SECURES \$25.50.

First deposit 2c, increasing 2c each week, for 50 weeks, last deposit \$1.

#### PLAN C—SECURES \$63.75

First deposit 5c, increasing 5c each week for 50 weeks, last deposit \$2.50

#### PLAN D—SECURES \$127.50

First deposit 10c, increasing 10c each week for 50 weeks, last deposit \$5.

#### PLAN F—SECURES \$25.50

First deposit \$1.00, decreasing 2c each week, for 50 weeks, last deposit 2c

#### PLAN G—SECURES \$63.75

First deposit \$2.50, decreasing 5c each week, for 50 weeks, last deposit 5c.

#### PLAN J—SECURES \$12.50

Deposit 25c each week, for 50 weeks.

#### PLAN K—SECURES \$25.00

Deposit 50c each week, for 50 weeks.

#### PLAN L—SECURES \$50.00

Deposit \$1. each week, for 50 weeks.

#### PLAN M—SECURES \$100.00

Deposit \$2 each week, for 50 weeks.

#### PLAN O—SECURES \$250.00

Deposit \$5 each week, for 50 weeks.

You too, would enjoy a nice big check and can have it if you will come in and start an account in our Christmas Thrift Club.

—Mr. and Mrs. E. L. Outland returned to Orange last evening after spending the Christmas vacation with relatives in Richmond, Ind.

—Miss Marguerita Kelly, who has been visiting relatives and friends in this city for a few days, has returned to her home in Louisville, Ky.

—Mr. and Mrs. Raymond Holbrook and John Meredith and son Edward attended the funeral of Mrs. Beulah Pike at Spiceland yesterday.

—Miss Esther Anderson returned this morning to Greencastle, where she will resume her studies in DePauw, after spending the holidays here.

—Mrs. Will Meredith has returned from Chicago where she attended the annual meeting of the National Music Teachers association.

—Miss Mary Ruth Smith of Indianapolis has returned to her home after spending New Year's in this city, the guest of W. O. Walton and family.

—Miss Anna Starr of Indianapolis spent the week-end in Orange the guest of her brother, E. M. Starr and wife, at the home of Mrs. Ida L. McKee.

—Harold Beaver, Wabash college student, left this afternoon for Crawfordsville after spending the Christmas vacation with his parents near this city.

—Earl Morton left this afternoon for Greencastle, to resume his studies in DePauw university, after spending the holiday vacation here with relatives.

—Miss Helen F. Wilson left today for Louisville, Ky., where she will join Miss Louise Pace from Alton, Ill., and they will return to their school at Lexington, Ky.

—Dr. F. G. Hackleman has returned from spending the holidays in the east with his son, Ralph Hackleman, who is a student in Harvard at Cambridge, Mass.

—Miss Marian Sefton returned to Greencastle this morning, to resume her studies in DePauw, after spending the holidays with her parents, Mr. and Mrs. M. O. Sefton.

—Levon Prewitt, who has been visiting friends in this city for a few days, returned to Crawfordsville, Ind., this morning to resume his studies in Wabash college.

—Mrs. F. E. Riegler, who has been spending the past week in Neenah, Wis., returned to Orange this morning to resume her work as an instructor in the Orange high school.

—Miss Edna Trobaugh has returned to South Bend, Ind., where she is teaching in the public schools after spending the Christmas holidays in this city, the guest of relatives.

—Miss Edith George of Orange returned to Evanston, Ill., this morning, where she is a student of Northwestern university, after spending the holidays with her parents.

—Miss Lela Bowen and Miss Helen Reed returned to Bloomington, Ind., this morning to resume their studies in Indiana university after spending the holidays with their parents.

"A few minutes more, Peggy dear, and Daddy will be back with the Kemp's Balsam. Then you can go to sleep and forget that horrid old cough."

**KEMP'S BALSAM**

Will Stop That Cough

Mrs. James C. Gregg will be unable to entertain the members of the W. R. C. Penny Social tomorrow afternoon on account of sickness. She will entertain the club a week later, January 11.

—Wendell Wilkie has returned to his home in Akron, Ohio after spending the holidays here at the home of Mr. and Mrs. Phil Wilk. Mrs. Wilkie and son will remain for a few weeks.

—James Travers left today for St. Louis following a visit here with Mr. and Mrs. J. M. Harrold and other relatives during the holidays. Mrs. Travers and daughter remained for a longer visit.

### THEORETICAL AMOUNT OF "A TEASPOONFUL"

#### Correct Quantity Is Placed at 5 Cubic Centimeters.

Housekeeper Measuring With a Teaspoon Should Fill It "Level," Not "Heaping," Says Office of Home Economics.

Five cubic centimeters is what the bureau of standards has set as the theoretical quantity a teaspoon holds, but all spoons do not conform to this. The housekeeper measures with a teaspoon and should fill it "level," not "heaping." How many teaspoons does a pound of baking powder contain? Apparently the number depends on yourself, upon the spoon used, upon the brand of baking powder you buy, upon the can in the lot which you happen to get, and upon a few other factors which, though seemingly inconsequential, do enter into the problem.

A pound of baking powder lasts longer with some cooks than it does with others. In an endeavor to learn where the difference is made the experimental kitchen in the office of home economics of the United States Department of Agriculture recently conducted a series of experiments.

Various types of cooking teaspoons were first experimented with to determine the exact amount held in each case. Both the ordinary teaspoon and those "measuring spoons" which are linked together in sets were tested. A variation of from 120 to 150 teaspoonfuls was found in the same pound can when different teaspoons were used.

The personal equation also enters into the amount which is called a teaspoonful. It was found the differences due to individual manipulation ranged from 10 per cent to 30 per cent, a wider range of variation than those due to the different capacities of different teaspoons.

The business outlook is encouraging. There is reason for everybody feeling enthusiastic.

This is the time to dismiss all doubt—to banish all uncertainty—to think and talk in terms of optimism.

The future is bright. Everybody is settling down to work CHEERFULLY for normal prosperous times.

Smiles and good cheer are catching. Optimism has a reassuring strengthening influence.

The tonic of universal optimism is all the country needs to keep prosperity going full speed ahead.

E. R. Casady

Use more milk by cooking rice and cereals in it.

Cauliflower is delicious served with mayonnaise dressing.

If a roast is basted many times it will be much more juicy.

DR. EDWARD BENES

Dr. Edward Benes, foreign minister of Czechoslovakia, has been the leader of the organization of what is known as the "little entente"—a league of Czechoslovakia, Jugoslavia and Roumania, designed to guarantee their integrity and to prevent the return of the Hapsburgs to the throne of Hungary.

Mr. and Mrs. George Lenard gave a dinner party yesterday in honor of Mr. and Mrs. Allen Daniels. The house was beautifully decorated with Christmas decorations and the dining room table was adorned with carnations and roses. The guests were Mr. and Mrs. Allen Daniels, James Daniels, Mr. and Mrs. Henry Ramey and daughter Fannie Mae, Mrs. Pete Johnson, Mr. and Mrs. N. P. Fletcher, Mr. and Mrs. Henry Johnson, Mr. and Mrs. William Jones, and Mr. and Mrs. R. R. R. of Connersville, Mrs. Lucile Hanly of Columbus. Mrs. Josh Brown and children of Richmond. Mrs. Daniels left last night for Chicago to resume her work in school there.

## SEVENTH

# Anniversary Celebration

NO PHONE ORDERS. GOODS SOLD FOR CASH ONLY

Everyone For Miles Around Is Awake To What Is Going On  
THE GREATEST EVENT THIS STORE HAS EVER HELD

If thrift be defined as a true expenditure of money, then every woman should attend this Anniversary Celebration. Prices are a great deal lower than they have been for the past two years, in fact, they are just as low now as we expect they will be in the spring of the year. No attention has been paid to what the goods cost or our profits on them. Our only consideration is to show our patrons that we appreciate their good will and patronage they have extended to us in the last seven years and we believe we will accomplish this with these great price reductions on quality merchandise.

You can well imagine the bargains offered in this Anniversary Celebration are great, but even the fondest imaginations will be eclipsed by the actual facts. Such as these:

#### SPool COTTON

Black or white, all sizes, 9c  
150 250 yard spools -----

#### HOUSE DRESSES

Made from blue or grey percale, all sizes, regular \$3.00 and \$3.50 values, \$1.00

the yard -----

## Coats - Suits - Dresses

#### Editorial

This is the time for 100% Optimism.

Conditions everywhere point to a period of real prosperity.

Factories can now produce goods at lower cost. People can buy practically everything cheaper than they could for the last five years.

The business outlook is encouraging. There is reason for everybody feeling enthusiastic.

This is the time to dismiss all doubt—to banish all uncertainty—to think and talk in terms of optimism.

The future is bright. Everybody is settling down to work CHEERFULLY for normal prosperous times.

Smiles and good cheer are catching. Optimism has a reassuring strengthening influence.

The tonic of universal optimism is all the country needs to keep prosperity going full speed ahead.

E. R. Casady

#### COATS

Choose from these fine coats made from all wool Bolivia with genuine Australian Opossum Collars, full lined with fancy silk, every coat is of the newest style, and was made to sell from \$75.00 to \$90.00, priced at only

\$37.50

#### SUITS

Women's Suits At This Season's Lowest Price

There is nothing the matter with them. They are all in the height of vogue, but this is our clearance period, when all sorts of merchandise is gathered, and remarked for quick clearance. Hence this low price.

1/2 Price

#### DRESSES

Value, Style, Beauty and Quality Are Combined in These Newer Styled Silk Dresses

These dresses are handsome in design, rich in materials and perfect in workmanship. We shan't attempt a written description of them because type and paper can not do full justice to them. So we ask that you come personally to see them. The sight of such pretty frocks priced so exceedingly low will more than repay you for your trouble.

## Our Position Sound

The foreign trade position of the United States is fundamentally sound and, although the problems of the next year will require maximum cooperation from all, there is much to inspire confidence and hope for the future, and the outlook for a greatly cleared situation in 1921 seems promising at this time, according to the new year issue of the Guaranty Trust Company's international trade survey, "American Goods and Foreign Markets". Concerning the foreign trade outlook, the survey says, further:

Entering the new year in a sounder financial, industrial and political condition than any other important nation in the world, the United States faces the combined duty and opportunity of establishing on a firm, permanent basis the dominant position in world trade which her prosperity warrant and on which her future progress in large measure depends. Our industrial machine, stimulated by five prosperous years, is geared to supply a large export trade, and foreign markets continue to demand enormous quantities of our surplus products. To satisfy this foreign demand, through foreign investment and the granting of agreeable credit terms, and thereby to provide a permanent outlet for the surpluses of our industry, is America's outstanding economic problem today.

During the last twelve months the European demand for raw materials with which to restore industry to normal production has kept our export trade at a high level. A continuation of this increased demand may safely be expected, for, as the European nations progress in the restoration of their industrial productivity, they will become better able to purchase and pay for American finished products in increased quantities. American foreign traders should therefore, overlook no opportunity to strengthen their hold in recently acquired mar-

kets and to reach out into many new fields which circumstances have opened to them.

In spite of the large volume of our exports during 1920, the addition to our balance of trade shows a decided falling-off as compared with 1919. Imports, which in 1919 totalled less than one-half of our exports, now amount to two-thirds of our exports—a recovery which can be taken as an indication of further leveling of our export balance in 1921 and renewed activity on the part of foreign competition.

High officials of the American Federation of Labor announced their advocacy of restriction of immigration. Funny, isn't it, since the president, the first vice-president, and secretary of the Federation were all born abroad. Strange indeed that among the most important of the officers of an "American" Federation of Labor there is not one who was born in America.

Great Britain seems to have the continued cooperation with the Wilson administration in her effort to induce the United States to enter the League of Nations. But the 8,000,000 majority in the November elections has more potency in determining our foreign relations than any propaganda Great Britain can conduct.

In Germany they are said to have found a way of making print paper from leaves of grass. That may work out in Germany, but if any fellow should try it here he would soon find the trust burning up his grass. Nothing is permissible in this country that will reduce the cost of paper stock.

If your neighbor growls at you give him a smile in return. You will be the better man of the two.

There is a strain of piety in most men, but too often it is overstrained.

Not all people can hope to become great men. Some are women.

THE RED CROSS BUTTON  
Button, button, who's got the button?

It's a button of red, white and blue  
With a cross of blood red  
Which always has led

Wherever there's service to do.

It's a button which shows that the wearer

Would aid in the work of mankind,

Who has it? Who wears it?

In your home how fares it?

Just you count how many you find!

On, millions and millions should prize it

This nite teen and twenty and one,

For the Red Cross must bear

Its burden and share

Of all the world's work to be done.

But Not Like September Morn  
September morn is like a frosty morn

## FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

**MUSTEROLE**  
WILL NOT BLISTER

Washington, Jan. 3.—Men have been "pinched" for using a telescope on bathing scenes. Naked eyes have been blacked for intrusions and murderer has been done for "telling."

But now the microscope has been employed to reveal bare facts and figures. Moreover, government investigators announce they will distribute their findings in a "movie."

Some poor insects too insignificant for ordinary attention were the victims. The pool was a dewdrop and the bathers, creatures too small for the naked eye. The film called "A Plant Disease and How it Spreads," shows organisms creating rhubarb blight, a source of heavy loss to gardeners. It will be distributed by the U. S. Department of Agriculture.

No Hunting, signs, 10c each at The Republican Office.

## SCHOOL DAYS

## Harding's Famous Front Porch May Boost Of A New Owner Soon

President-elect Harding is Considering Plans to Sell His House in Marion But Will Not Dispose of His Little Newspaper Which is a Good Money Maker

Marion, Ohio, Jan. 3.—Strange feet may tread the famous front porch at 380 Mount Vernon Avenue here after March 4, if present plans of the Hardings are carried out.

Having engaged a home on Pennsylvania Avenue in Washington for the next four years, they hope to dispose of their home in Marion and the brick house on Wyoming Avenue, in Washington, where Harding lived during his term in the Senate.

President-elect Harding, however, has no intention of selling the Marion Star, as this little newspaper made him several times his Senate salary last year. In fact, he is planning to erect a large, modern plant in the near future.

The Harding home in Marion probably will either be leased or sold in

the next few weeks. The house was shut up for six years while the Hardings were in Washington. Newspapers were put up in the windows, the house went unpainted and tall weeds grew in the front yard, where thousands gathered around the front porch last fall. Senator Harding had to dig up several hundred dollars to put it in condition for occupancy during the campaign. A shortage of houses in Marion and a reluctance to allow so much money to remain tied up in an empty dwelling have prompted Mrs. Harding to cast about for a way to realize on the investment. But Senator Harding, and his wife, too, hold the place in a deep sentimental regard, and may at the last minute decide to keep it for the memories of the presidential campaign.

An ex-senator, who probably will be in the Harding cabinet, has already expressed a desire to purchase the Washington home, and it probably will be disposed of, furniture and all, to him.

## Sap and Salt

By BERT MOSES.

It takes a lot of "lemons" to make a Wall Street "melon."

No one ever got much of anywhere doing things tomorrow.

Righteousness cannot be "put" into people; it has to "grow" there.

Why is it men who go to church regularly are seldom popular with women?

Hez Heck says: "Women never get tired of talking about operations and the best way of canning tomatoes."

Nature seems to stand in with the railroads by putting her wonders away off where it costs a lot to go and see them.

## ASPIRIN

Name "Bayer" on Genuine

It's criminal to take a chance on any substitute for "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Salicylic acid.

**SPICELAND PHONE  
DISPUTE SETTLED**

Continued from Page One  
In the meantime the agitation spread to Spiceland and the patrons there also named a committee and the two committees met with the manager and threshed out their differences, resulting in an agreement being reached which is now up to the public service commission for approval.

A mass meeting of the patrons of the Spiceland company had been

called for tonight, but this has been called off and instead a petition will go forward to the service commission asking a change in the original order. It is believed the change will be granted in view of the fact that it is satisfactory to both the patrons and the telephone company.

The new rates established by the commission would have returned the company seven percent on its investment, according to the figures given by the commission in its original order granting the increase.

**I.O.O.F. FIVE FACES  
HARD GAMES THIS WEEK**

Meets Blue Ridge Here Tuesday Night and Greensburg on Their Floor, Thursday Night

**TEAMS FOR CURTAIN RAISER**

The Odd Fellows basketball team has two hard games ahead of them this week, when they play their first game with the Blue Ridge team here tomorrow night, and then go to Greensburg on Thursday night to meet the Legion team of that city. The curtain raiser will be played between the Fairview high school and the Manilla high school, beginning at 7:15.

The game here tomorrow night promises to be a good attraction, as these two teams played each other to a standstill on the Blue Ridge floor a few weeks ago, when the Rushville team won in the last few minutes of play, by a lone point. The Blue Ridge team is coming loaded for victory tomorrow night, and the Odd Fellows will use their best line-up, in an effort to keep the victory here at home.

The Greensburg American Legion team has been travelling fast this year, but the Odd Fellows expect to take this game on Thursday night in that city.

The local team also was scheduled to play to Shelbyville Friday, but this game was given a new dating. Both Shelbyville and Greensburg will play here in the near future.

**FOREWARNED.**

A little girl was sent to fetch some milk from a neighbor. She took with her two cans.

On arriving home she was crying and bespattered with mud.

Mother saw at once that her darling had had a fall and asked if she had lost all the milk.

"No, mother, not a drop."

"And how did my clever little darling manage that?" mother asked.

"I knew I was going to fall, mother, so I stood the cans down."—London Answers.

# SOCIETY

The executive committee of the C. W. B. M. of the Main Street Christian church will meet with Mrs. D. H. Dean promptly at two o'clock tomorrow afternoon.

\* \* \*

The Ladies Aid society of the First Baptist church will meet Wednesday afternoon at 2 o'clock in the church parlors. All of the ladies are urged to be present.

\* \* \*

Mrs. John M. Lee will entertain the members of the S. E. T. club Friday afternoon at her home, 914 North Morgan street. As this is the first meeting of the New year, a full attendance is urged.

\* \* \*

Wednesday night, January 5, will be the regular meeting of the Pythian sisters. Installation of officers will take place at this meeting. A good attendance is desired and all incoming officers are requested to be present.

\* \* \*

The Loyal Women's class of the Main Street Christian Sunday School will have their monthly meeting tomorrow afternoon at 2:30 o'clock at the home of Mrs. D. H. Dean in North Main street. Each member is urged to be present as special business will be transacted at this time.

\* \* \*

The War Mothers will meet Wednesday afternoon at two o'clock in the assembly room of the court house. All members are urged to be present to make arrangements for the reception of the state president, Mrs. Elizabeth Carr of Indianapolis, who will be the organization's guest sometime this month.

\* \* \*

A bountiful pitch-in dinner was served at the home of Mrs. Belle Trobaugh in West Seventh street honoring Miss Edna Trobaugh of South Bend, Ind., New Year's day. The following guests were present: Mr. and Mrs. Frank George and sons, Mr. and Mrs. Leslie Trobaugh, Mr. and Mrs. Omer Trobaugh, Mrs. Charlie Culbertson, the Misses Edna Ethel, Nell, and Florine Trobaugh and Lillian Culbertson, and Charles, French, Herbert, Harold, William Trobaugh and Roy, Vernon and Harold Culbertson.

Mr. and Mrs. Edward Jackson of Raleigh entertained Sunday with a turkey-dinner, the following guests: F. W. Lightfoot and family, A. R. Poer and family, Will Dobbins and family, Mr. and Mrs. Charles Elwell, Mr. and Mrs. William Jackson and Mr. and Mrs. John Nipp and daughter Eloise of this city.

\* \* \*

Mr. and Mrs. C. J. Fischer and daughter Margaret entertained at their home in West Third street with a prettily appointed dinner New Year's day, honoring Miss Helen Wilson who will return Monday to school at Hamilton College, Lexington, Ky. The guests included Mr.

and and Mrs. J. F. Wilson and son Kenneth and Mr. and Mrs. W. T. Wilk and family of New Salem.

\* \* \*

The open house held by the D. A. R. Saturday afternoon at the home of Mrs. D. D. VanOsdel in West Third street, was an immense success despite the inclemency of the weather. The home was beautifully decorated for the occasion in holly and mistletoe, in keeping with the holiday season. The hours were from 2:30 to 6:00 o'clock.

In the receiving line welcoming the guests as they arrived at the home, were the officers of the chapter, and Mrs. Sarah Guffin and Mrs. Charles Hugo assisted in the dining room. A musical program was rendered during the afternoon by the Misses Janet Dean and Mary Louise Wyatt, violinists, and Miss Lillian Priest, pianist. Delicious refreshments were served to the guests in the dining room.

Among those who were present during the afternoon were Mrs. Ernest Cofield of Indianapolis and Mrs. Edwin Johnston of Connersville.

#### KNIGHTSTOWN MAN NAMED

Newcastle, Ind., Jan. 3—Foy Crouse of Knightstown Saturday was elected a member of the Henry county council to succeed Ray Morgan, elected in November to the state legislature. Mr. Morgan handed in his resignation today and following the election Mr. Crouse was introduced to the council and to his new duties.

#### FAILS TO PAY FINE

Charley Cohee was placed in jail on an order from Mayor Irvin, having failed to pay his fine and costs in a case heard in police court last spring, when he was found guilty on the charge of selling mortgaged property. The fine then was placed at a \$1 and costs, and he escaped payment. Cohee will be held in jail for 11 days, in payment of the fine.

#### 6½ POUND BABY BOY

A baby boy, weighing 6½ pounds was born Saturday to the wife of Paul Cameron. The child has been named Frank Marlin.

The rise of Alice Calhoun as a "movie" favorite has been rapid. She is one of the latest to be added to the growing list of motion picture stars. Originally Miss Calhoun was a Cleveland girl, and her education was received in that city. Her present home is on Riverside drive, New York city.

#### HOW IVAN WON

IVAN was a poor boy, but a very ambitious one. His father was a blacksmith, and when the great lords would come by in their armor to have their steeds shod, Ivan would sit by the forge and gaze in wonder at their handsome array.

One day Lord Raymond rode up with his beautiful daughter accompanying him on a pony. Ivan admired the young girl as she sat waiting for her father's horse to be shod. "Have you heard the news, father?" asked Ivan's mother of her husband the next morning at breakfast. "Lord Raymond was last night called to the war by our king, and at noon today he and his 600 men will ride forth."

"But who will defend the castle if old Earl Edmond comes against it in the lord's absence?" asked the father. "I think there is small fear of that," replied the wife:

At noon the long line of prancing steeds, headed by the lord, rode down the road and was soon lost to sight.

One September afternoon Ivan walked to the summit of a hill, from which he could see the surrounding country for miles. A flickering light caught his eye. There was a long procession of men winding across the valley, and all were clad in glittering armor. They were keeping close to the shadow of the woods, but when they crossed the sunlit path their swords flashed back the light brightly. At the head rode a huge man on a black horse and nearby another carried a banner on which was a black eagle.

"It is old Earl Edmond!" exclaimed Ivan. "He is coming to attack the lord's castle in the absence of the owner."

Then far below Ivan noticed that not far from the castle was a large bridge, and below it rushed a mighty river.

"The earl will camp on this side of the big bridge this evening in the woods," said the boy aloud. "And by morning will come over to take the castle. If the timbers holding it can be cut through tonight the wicked men will fall into the river."

With this he ran to his father's shop and got an ax. Within an hour he was at the bridge and had run to the other side, near the castle. Selecting one of the big, strong posts

which upheld the weight, he began to cut, and for two hours he kept at the work. At last the beam was easily broken in two parts. He then took the other post, and after three long hours of hewing and resting, he managed to also sever that. The bridge would now fall apart were anyone to walk on it. But by placing several planks over the hole Ivan made it look as if nothing had been done.

At dawn he heard the tramp of men. The heavy horses trotted on to the bridge, while Ivan hid in the bushes at the far end. At the head still rode Earl Edmond on his black charger. He neared the side leading to the castle.

Altogether manufacturers seem agreed that spring fabrics shall be of the softer silks in printed designs of color and vividness. Gray, sand blue and green are the outstanding colors just now.

Suddenly the sound of a bugle shrilled on the air and Ivan saw coming toward him along the river bank the same Lord Raymond who had marched away two months before.

Ivan told the lord how he had defeated the wicked earl and how the castle was now saved from any attack by the enemy.

"Well done, my lad!" cried the lord. "You have done better than I could have with all my men. You must come to the castle and be part of my guard, so when you are a man you can be a knight."

So Ivan took up his abode at the castle. Years afterward, when he was married to Adele and reigning over the surrounding land, he had a great pillar of stone erected at the bridge to mark the spot where one ax defeated hundreds of men.

## Designs Found On Book Shelves

By "MARJORIE"  
(Written for United Press)

New York, Jan. 3—Designers

or the materials for spring and summer gowns seem to have gone to the bookshelves for their inspiration. Printed silks—the piece de resistance of all spring fabrics—and the designs upon most of these silks exploit some well-known story or book character. Although museums are still flooded by designers who nab ideas from old period costumes, pottery, or jewels, the Public Library is now beginning to feel the influx of designers in quest of good pictorial material as found in stories, and also in search of names for their various bookish patterns.

The open house held by the D. A. R. Saturday afternoon at the home of Mrs. D. D. VanOsdel in West Third street, was an immense success despite the inclemency of the weather. The home was beautifully decorated for the occasion in holly and mistletoe, in keeping with the holiday season. The hours were from 2:30 to 6:00 o'clock.

By JESSIE ROBERTS

## MODERN ADVERTISING

ADVERTISING today is very friendly to women. Women are doing a great deal of it and doing it well. There is no discrimination in that business—at least against woman per se. She gets paid for what she does, not for what she is.

There are many sorts of advertising, and women are in all of them. The artist who makes the pictures that make the ad go is about as often a woman as a man. And woman writes as many ads as her brother.

Some women already are managing advertising offices of their own, and many are acting as advertising agents. Some confine themselves entirely to one form of advertising, specializing on magazine or newspaper ads, or display ads. Others take orders from any firm or individual and suggest the medium best suited, afterwards placing the ad where it will do the most good, in the form to which it is best adapted.

Many of the large firms that cater to the wants of women always have a woman on their advertising staff, for they realize that a woman will understand how to talk to other women in a way to interest and convince them on subjects that are distinctly hers.

But advertising is not a hit-or-miss thing, which you can take up at a day's notice. Like anything at which people earn money, it takes time and hard work and training. There are fundamental principles that must be understood, there are intricate questions concerning colors, types, expenses, effects on the eye or the ear, appropriateness. The woman who wants to become a successful advertiser, whatever branch she may choose, ought to know something, at least, of all branches. She should know the cost of producing what she draws or writes, she should know what types best suit her picture, or whether or not illustration will help her write-up. She must understand the psychology of advertising.

But here is a fine field for women, and one that is growing every year. America is the greatest advertising country in the world, and she is not slackening her pace. Modern advertising is telling the truth—the day for lies and exaggeration and misrepresentation is over—but it is also a romance, and is endlessly interesting. Moreover, and this is not without its appeal, it is excellently well paid.

## Last Night's Dreams

### —What They Mean

#### DID YOU DREAM ABOUT MUSIC?

To PARAPHRASE slightly the poet:

When the night is filled with music the cares which infest the day Shall fold their tents like the Arabs and as silently steal away.

For dream music, say the seers, portends good fortune to those who hear the phantom strains. When, through the world of the visions of night, wander harmonious melodies, happiness and money are hovering in the near future waiting for you. It doesn't matter whether you dream that you are producing the music yourself or that you simply hear it—the omen is good.

Among other things it indicates that you are shortly to receive news of a cheerful sort about a friend whom, for a long time, you have neither seen nor heard from.

If you are as yet unmarried and in love it is a sign that your sweetheart is kind and true—there is a wedding and happiness ahead of you. To married people it indicates good-tempered children. If you hear some one running over the scales, either on a musical instrument or with the voice, something good will happen to you through pure luck.

As to a choice of musical instruments to play on, a dream-guitar, singing at the same time, is especially favorable to lovers, though if you hear some one else playing the instrument watch out—you are too susceptible. Playing a dream-guitar is especially recommended to induce happiness in the family. A banjo is almost as good as a guitar, though if you simply hear the banjo instead of playing it yourself you may have some slight worries which will soon be over. A flute foretells a birth in the family, and an organ is an excellent omen unless it is a church-organ playing a dirge. In that case you may hear of something that will "make you tired," or of the death of a relative, say the pessimists. The optimists say a dream-dirge on a dream-organ in a dream-church only means a slight annoyance soon past.

The music from a dream-piano is an excellent omen—marriage for those in love, domestic happiness for the married and thrift and fortune for all. The worst that even the kill-joy oracles can say about dream-music is that it is harsh and discordant some temporary vexations await you.

#### FORMER CHANCELLOR DIES

Berlin, Jan. 3—Dr. Theobald von Bethmann-Hollweg, former German imperial chancellor, died Saturday night after a brief illness on his estate at Hohenfinow, near Berlin.

## MISSING BALLOONISTS ARE ON THE WAY HOME

Word Received That Three Naval Airmen Who Left Dec. 13 And Disappeared are Safe

## LANDED IN ONTARIO DEC. 14

(By United Press)

New York, Jan. 3—Somewhere in the blizzard swept reaches of northern Canada, the three United States naval balloonists who left Rockaway Point, New York, December 13 and disappeared, are today travelling by dog teams toward Cochrane on the national transcontinental railway, where they expect to entrain for home.

Word that the three were travelling toward Cochrane and were safe, was received at the radio air station at Rockaway Point station in the form of a telegram and was dispatched from Malice, Ontario, where the balloonists had landed December 14. Malice is several miles west of Cochrane on the transcontinental railroad.

The message is believed to have been delivered by an Indian runner. At the Rockaway Point station the belief was expressed that the runner probably left Moose Factory immediately after the officials arrived there and indicated that he was on the transcontinental nearly two weeks. It was pointed out that if the Indian required that long a time to make the trip, the airmen will make it in at least three weeks, bringing them to Malice about the middle of the present month.

The distance from New York to Moose Factory by air route is about 800 miles. This establishes a new record for the balloon flyers.

# If Petroleum Were Wiped Out Today

If petroleum were wiped out today, factories would close their doors, agricultural machinery could no longer be made or operated, food could be raised only by primitive methods, and the transportation of food would be confined to horse power and water, for railroads could no longer run their trains, and before any adjustment could be made our great urban population would literally be starved to death.

The prosperity of all industrial nations is based upon petroleum.

The peak from which floats the flag that symbolizes the prosperity of the United States arises from a basic foundation of crude oil.

The underlying foundation of this prosperity is lubricating oil, for without this essential product of petroleum, the machinery of the world would stop and the world's reserve of lubricating oils, though vast in volume, would last but a few weeks at our present rate of consumption.

The next essential factor is kerosene and gasoline, for without the first, one half of the population of the world would be without light at night, and without the second, all types of internal combustion engines would be useless, and the automobile, tractor, truck, marine and aviation engine would be mere curiosities.

If lubricating oil, kerosene, and gasoline were available, but the hundreds of by-products made from the residue of petroleum were wiped out, many industries would be closed and unemployment would be general, for in nearly every industry one or more of these by-products are necessary in the manufacturing processes.

Thus is visualized by an extreme presentation—purely imaginative—of what might happen if petroleum, or any of its major derivatives, were wiped out over night. Also it shows the importance of the work the Standard Oil Company (Indiana) is doing in helping supply one of the basic, economic needs of the nation, and emphasizes the importance of the service the Company renders in promoting the comfort, health, and happiness of the individual citizen.

President of Irish Republic Lands Secretly in Ireland—Liable to Arrest as Jail Breaker

GARRISONS ARE ON ALERT

Dublin, Ireland, Jan. 3—Government agents are engaged in a nationwide search for Eamon DeValera "president of the Irish republic" who is supposed to have landed secretly in this country.

The Irish officials stated that DeValera is liable to arrest as a jail breaker, he being a fugitive when he escaped from an English prison.

There was much speculation here as to how DeValera managed to land undetected in Ireland. It is believed that he had some agreement with British authorities whereby they permitted him to enter this country.

Military garrisons were on the alert today and commanders believe that the landing of DeValera might excite the Sinn Feiners to fresh outbreaks, Queenstown, the principal Sinn Fein point, has been strongly guarded for weeks so it was assumed DeValera did not land at this place. It is believed that he landed at Galway Bay on the west coast and came to shore in a small boat. Recently the militarists raided the desolate Aaron Island, a Sinn Fein hiding place in Galway Bay.

## LAND SALES ARE ALMOST NORMAL

Two Weeks Period Shows a Total of \$83,206 Changing Hands in Real Estate Here

### THREE BIG FARM SALES

Largest is \$17,250 Which is Farm Located in Richland Township —City Property Changes

Trade in real estate for the two weeks period, amounted to \$83,206 which is about normal for a two weeks period, and the largest sale was \$17,250, which was a farm of 75 acres in Richland township sold by Elizabeth Fisher to William R. Colter.

Two other farm sales added much to the sales, one being for \$16,200, which was the Allison farm in Orange township, consisting of 71 acres, which was sold to Claude Sliger. Frank Hall, in Center township, sold his 53 acre farm to Clyde Owens for \$15,000, which was considered a good price.

The rest of the sales included city property and smaller pieces of land in different parts of the county, the total considerations being listed as follows:

Ollie F. and Retta Alter to Ulysses S. G. Miller, et ux, undivided one half interest in 163.062 acres in Rushville Twp., \$12,800.

Mary Meal, Adm. nx., estate of Lucy Allison to Claude and Myrtle I. Sliger, 70.75 acres in Orange twp., \$16,200.

Stanley M. and Mary V. Kellar to Charles S. Hill, sub lots, 54,55, 56, in East Side Park addition to Carthage, \$75.

Walter and Flora B. Maul to Walter Rhodes and Ina M. Rhodes 14 acres in Ripley twp., \$6400.

Frank and Cora Hall to Clyde A. Owens, 52.60 acres in Center twp., \$15,000.

Oliver and Nellie O'Brien to Russell D. and Olive Price, part of lots 1, 2 and 3 in Payne, et al, trustees' addition to Rushville, \$1200.

Anna L. and William M. Hillgoss to Charles C. Miller, undivided one half interest in 40 acres in Walker twp., \$5,000.

Mary E. and James H. Beabout to Loring L. and Clara E. Hinshaw, lot 12 in J. W. Trees' addition to Manilla \$500.

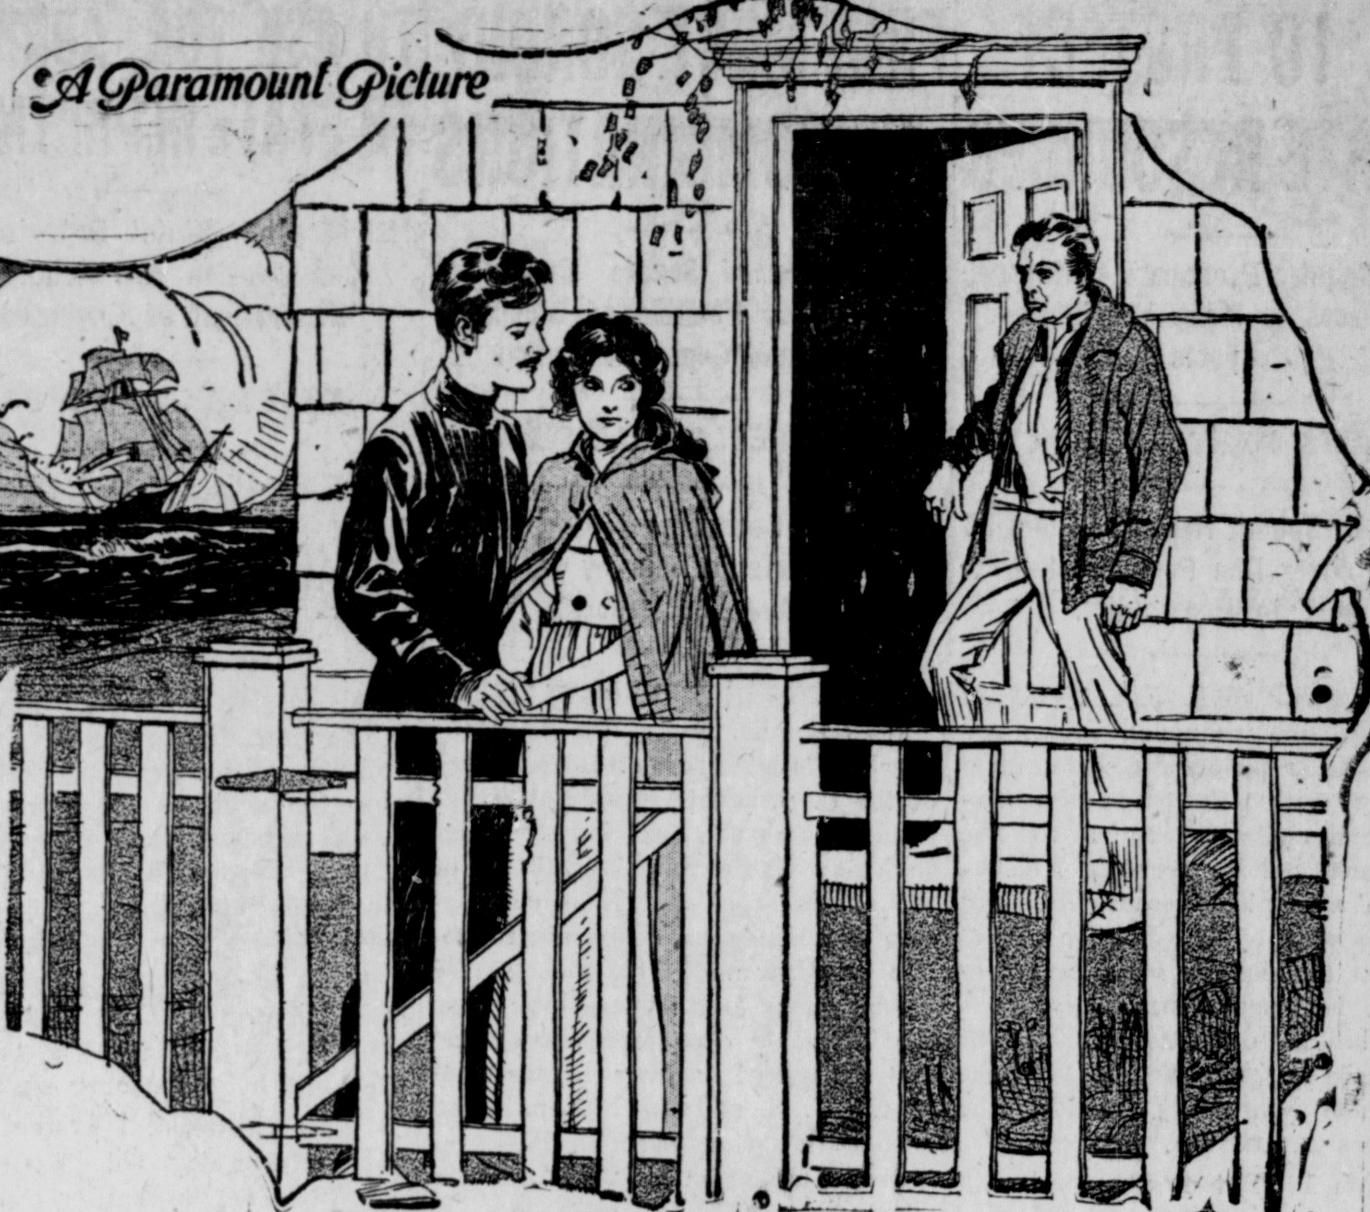

Mabel Mahin to Amandus and Myrle E. Chance 1/8 acre and other real estate in Manilla, \$850.

George W. Legg to Martha J. and Ollie E. Gordon, 200 acres in Washington twp., \$1 and other considerations.

George and Audrey E. Kissel to Albert C. and Hortense B. Wagner, lot 25 in the original plat of Manilla, \$1,000.

Armilda J. Hardy to Loyd Wagoner, west half of 53 acres in north west 1/4 of section 6 in Orange twp., \$1,00 and to correct title.

Earl O. and Alma Kennedy to

**BILL TO PROTECT STATE RESOURCES**

Would Require Producers of Natural Resources to Make Yearly Reports

**INCLUDES MANY RESOURCES**

Failure to Submit Reports Within 30 Days After Due Producer Subject to Prosecution

Indianapolis, Ind., Jan. 3.—A bill providing and requiring operators and all other producers of natural resources within the State of Indiana to make yearly reports to the Department of Conservation, showing the amount of production, will be introduced by the division of geology at the coming legislative session, it became known today.

The bill is designed to protect and where possible perpetuate at the same time judiciously exploit the resources of Indiana.

Section 1 of the proposed bill reads that every operator and producer of natural resources shall be required to submit a verified report to the director of the state conservation department on or before the first day of February of each year, showing the kind and amount of natural resources produced by said operator or other producer during the last preceding calendar year. The bill makes plain that such data shall not be used for the purpose of taxation. Resources included in the bill are limestone, sandstone, shale, glass, sands, molding sands, clays, petroleum or crude oil and such other natural resources as the Department of Conservation may add from time to time.

Under the proposed bill manufacturers are also required to submit a report before the first day of February of each year of the kind and amount of raw material used by each and where the material was obtained. Failure to submit such reports within thirty days from the time they are due subject the operator or producer to prosecution for a misdemeanor, and if found guilty, to a fine in any sum not less than \$50 and not more than \$500.

**Never Felt Better In My Whole Life**

Had severe pains in his back for eight years—takes Dreco and gains 10 pounds.

"I have gained 10 pounds on three bottles of Dreco, and, after eight years of suffering, I feel as well as I ever did in my life," said Mr. Lewis Hickman, who lives at 1814 N. Lafountain St., Kokomo, Ind. Mr. Hickman is employed by the Liberty Press Metal Co.

"For the last eight years I suffered from the most awful pains in my back, which kept getting worse all the time, and even though I tried everything that was recommended to me, nothing did me any good at all. My kidneys bothered me very much, and I'd have to get up eight or ten times during the night, and sometimes the flow was too frequent and sometimes too scant, but always of a high color and feverish, with a bad odor. I lost my appetite, and it was almost impossible for me to sleep. I couldn't get any rest, no matter what position I would get in, for the pains and soreness in my back. It was very hard to get up after I was down a while."

"I had heard about Dreco so much. I bought a bottle and took it faithfully. My improvement at first was slow, but I kept it up, and I am glad I did; for now all the pain has left me, and I go to bed and rest well, and never have to be called up. My appetite has returned and I have actually gained 10 pounds in weight. I feel that I have fully recovered, for, as I said before, I never felt better in my life."

All good druggists sell Dreco and it is highly recommended in Rushville by F. B. Johnson & Co.—Adv. Christian Science Monitor.

**FIND MOST SORDID COMBINATIONS**

Investigation of Senate Committee Vindicates Position of Special Food and Coal Commission

**ALSO A GEOLOGICAL SURVEY**

Declared Commerce Commission Paid Salaries of Survey to Make Favorable Reports

By JESSE E. ESCHBACH

Indianapolis, Ind., Jan. 3.—Daily developments before the committee of the U. S. senate investigating the conditions in the coal industry, are each day vindicating the position of the special coal and food commission of Indiana and exposing to public scrutiny one of the most sordid combinations and cooperation among the interstate commerce commission and geological survey department of the U. S. and the National Coal association, that perhaps has ever come to the attention of American citizenship.

It is almost human belief that a great association controlling the production of practically every pound of fuel in the U. S. should have paid the salaries and expenses of men in the U. S. Department of Geological Survey to make reports purporting to be the results of the investigation of the employees of the federal government from unbiased sources and scientifically correct, and at the same time to be preparing the orders of the interstate commerce commission of the federal government regulating the distribution of coal.

The reports of the geological survey have been used throughout the U. S. and especially in Indiana and were quoted by operators in practically every hearing in Indiana in defense of their injustice and extortion.

More injustice has been done the public in its purchase of fuel under the guise of interstate commerce regulations than under the influence of any factor in commercial life except the inordinate greed of many operators and wholesalers and now the public learns that these orders of nationwide importance were prepared by the very interests the government was seeking to regulate and control.

The investigating committee of the U. S. senate is rendering the American people the greatest economic service in a decade and when its final report reaches the people we predict that its disclosures will convince Indiana citizens at least beyond a reasonable doubt that one of the most outrageous injustices of our commercial history was being practised on fuel consumers in America and that every step and every order of the special coal and food commission of Indiana were undertaken in the interest of justice and fairness and in order to protect our people from burdens of greed and distortion which ought never be borne by a free-born, liberty-loving people.

**TO ASK FOR ADDITION TO STATE DEPARTMENT**

Members of State Department of Conservation Will Request a Department of Engineering

**TO DRAFT BILL FOR PURPOSE**

Indianapolis, Ind., Jan. 3.—A new addition to the state department of conservation known as the engineering department will be asked of the legislature members of that department said when it convenes here in January.

The new division would be confronted with problems of construction such as the Great Lakes to the sea waterway project which is being advocated, the building of the Sand Dunes Park which is now nothing more than waste land.

A bill being drafted by Rep. Copstick, Clinton county, to give police officers the same right as are now exercised by the county sheriffs.

Under the present system a city police officer may not go out of the city limit for a fugitive and although the police man is only a few moments behind he must stop at the city limits. Under the new bill the city officer may go as far as the sheriff.

The bill also will have embodied in it a provision to allow the justice of peace to communicate with the governor to obtain extradition papers instead of going to the Circuit court or waiting for the Circuit court to convene should the crime happen when the court is on vacation.

**Protect the Children**  
Healthy Blood and a Healthy System is a Child's best protection against Colds, Grip and Influenza. Give them GROVE'S IRON TONIC SYRUP. 75c.—(Adv.)

**Indianapolis and Cincinnati Traction Company****LIVE STOCK SHIPPING**

In order to better accommodate shippers, this Company will commence operating its Live Stock Shipping Trains on MONDAY, JANUARY 3rd, 1921, as follows:

**RUSHVILLE DIVISION**

On MONDAY, WEDNESDAY and THURSDAY of each week the stock train will leave—

Connersville at 5:00 A. M.  
Glenwood at 6:00 A. M.  
Rushville Freight House at 6:30 A. M.  
Hackleman Stock Yards at 7:00 A. M.  
Morristown at 7:30 A. M.

And on TUESDAY, FRIDAY and SATURDAY of each week it will leave—

Connersville at 2:00 P. M.  
Glenwood at 3:00 P. M.  
Rushville Freight House at 3:30 P. M.  
Hackleman Stock Yards at 4:00 P. M.  
Morristown at 4:30 P. M.

The train will not go to Connersville at the time named unless arrangements have been made in advance for specific shipments. Where arrangements are not thus made for shipments from Connersville in advance, the train will start from Glenwood at the time named.

All engagements for shipments on forenoon trains must be made the day before, and for the afternoon trains not later than ten o'clock of the day of shipment, through the respective agents, Chief Dispatcher at the Junction or Auditor at Rushville.

**EMERGENCIES**

No regular stock trains will be run on Sunday. In case of emergency, trains on Sunday or on week days, special trains other than those scheduled above, may be arranged for on special application.

**A PRESENT**

## Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon, Carthage, Missouri.

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers. He resides at 628 Howard avenue, Carthage, Mo.

"Uncle Parker," as he is more familiarly known, came from fine rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a restricted diet. I suffered dizzy spells; I had severe pains a great deal from headaches and across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lay awake most all night and was in that condition more or less for 5 years. My physician said he could not do anything for me and suggested a change of climate. I then moved to

Texas and went back and forth 3 times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Corbin, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hanks, R. R. 2.—(Adv.)

## PUBLIC SALE OF Household Goods

On FRIDAY, JANUARY 7, 1921

317 W. ELEVENTH ST., JUST WEST OF HARRISON ST.

1:00 P. M. SHARP

### Amusements

#### "Deep Waters"—Princess

Maurice Tourneur's latest production, "Deep Waters", will be the attraction at the Princess Theatre today and Tuesday. The story was adapted from F. Hopkinson Smith's popular novel, "Caleb West, Master Driver", and the scenes are laid on New England coast.

Caleb West, a man past his prime, and his girl-wife, Betty, are the central figures in the story. Betty becomes attracted to a youth named Bill Lacey, and, though she does not love him, they run away together. Later, the ship upon which Lacey is traveling is wrecked and Caleb West brings the body of the young man to the surface. In a dramatic scene the loyalty of Betty to her husband asserts itself and a touching reconciliation takes place between the two.

"Deep Waters" introduces in the leading feminine role Mr. Tourneur's latest "find", Barbara Bedford. Brooken Christians plays the male lead, and others in the cast include Jake Gilbert, Lydia Yeamans Titus, and George Nichols. The picture is a Paramount.

#### All-Star Cast at Mystic

The fury of a woman scorned plays an important part in "Moon Madness", a Robertson-Cole Special, produced by Haworth with Edith Storey and an all-star cast, which will be the chief attraction at the Mystic Theatre for two days, beginning today.

When Adrien Pleuriot, a Parisian artist, came to Algeria and roused in Zora, child of the desert, the passion of love, so that he could use her as a model for his painting, "Love", he played with fire.

"She will forget he told himself uneasily," when he returned to Paris. But Zora did not forget. With a cunning and shrewdness born of her hatred, she planned her revenge.

It was several years later that Zora again saw Adrien, this time in Paris, at the artists' masked ball in the latin quarter. Dazzling in her costume of an Egyptian sorceress, Zora succeeded in arousing the interest of Adrien. In a series of dramatic scenes Zora discloses her identity to Adrien and leaves him completely crushed.

Then follow even more exciting scenes in which Zora is forced to fight for her good name in the sumptuous and sensuous den of a Parisian roue. How she is saved from the clutches of this fiend, finds her true love and learns the facts of her identity, hitherto obscure, make the denouement of this story one of the most interesting seen on the screen in some time.

Edith Storey plays Zora, and rises to great emotional heights in a role in which she is thoroughly at home. An all-star cast, far above the ordinary, supports Miss Storey, including such players as Wallace McDonald, Sam de Grass, Josef Swickard, William Courtleigh, Irene Hunt, Frederic Starr and Frankie Lee, the child actor who won world recognition for his interpretation of the lame boy in "The Miracle Man".

HIGH SCHOOL STUDENTS DEMUR OVERDANCE EDICT

Indianapolis, Ind., Jan. 3.—High school students of Indianapolis are up in arms over the edict of their parents and school authorities prohibiting.

That girls shall wear their corsets to school dances.

That Sally shall leave her "make up kit" at home when she goes to school, and,

That the shimmie wiggle and other modern dances will not be tolerated at school affairs under sanction of school authorities.

One girl kicked up a row over the whole business when she told her mother she didn't want to wear her corsets to a dance because the boys called the corset-wearing girls "old Ironsides" and that with such a monicker a girl made a beautiful "wall flower". The girl is said to have told her mother that those who wore corsets under parental pressure discarded them before they started dancing. At one dance, she said a chair was piled high with corsets.

Regarding powder and rouge and lipstick, this all came around under ban of Principal Buck, of Shortridge High school. At the same time the principal declared that the modern dance as given by his students needed police supervision and that they could not be given with the approval of school authorities or as school affairs.

The Women's department Club and other civic and social organizations grabbed up the standard in the crusade for morality and the battle goes merrily on.

## Classified Advertisement

Telephone Your Ads 2111

This page is read eagerly by the entire county daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES—All advertisements, except display are charged for at the rate of three-fourths cent per word for each insertion. We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum charge, 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

### In Loving Remembrance

Of my dear wife, Ida May West, who fell asleep one year ago, January 1, 1920.

Surrounded by friends I am lone-some,

In the midst of my pleasure I am sad

There are griefs that can not find comfort

And wounds that cannot be healed.

But some day I hope to meet you Ida

When my days on earth is over

On the beautiful Isle of Somewhere

Where sorrow I know no more.

Sadly missed by her husband,

WALTER WEST, JR.

## WAR WORKER TO RECEIVE REWARDS

Eleven States Have so Far Extended Financial Relief as Gratitude to its Soldiers

NEW YORK LEADS THE LIST  
Bonus Bills Will be Proposed at Many Legislatures This Winter, Including Indiana

New York, Jan. 3—Soldiers, sailors and marines,—and in some cases nurses, and first aid workers—who took part in the World War will be rewarded in at least eleven states of the Union.

That number has already authorized the expenditure of approximately \$150,000,000 for relief of veterans and for buying farms, obtaining medical relief and securing educations. Bonus bills have been proposed in a score or more other state legislatures, but have not yet been enacted.

The states that have so far extended financial relief in payment in part, at least, of its gratitude to its sons and daughters for their valiant service during the great conflict, are New York, New Jersey, Minnesota, North Dakota, Wisconsin, Washington, Massachusetts, Rhode Island, Maine, New Hampshire and Vermont.

New York's appropriation, naturally leads the list in point of size, on account of the fact that that state, with approximately 10 percent of the nation's population, had the largest enrollment. The amount the Albany legislature voted for soldier bonuses was \$45,000,000. This sum was approved by the voters in a referendum at the November election.

Other amounts, where definitely set, follow: New Jersey, \$12,000,000; Minnesota, \$20,000,000; Wisconsin, \$25,000,000; Washington, \$11,000,000; North Dakota, \$600,000 (first year).

In Massachusetts, Maine, New Hampshire, Vermont and Rhode Island the bonus decided on was \$100 for each recipient, the amount to be raised by taxation.

In Alabama the legislature canceled the veteran's poll taxes for five years.

Efforts were made in Illinois and Maryland last year to pass a bonus bill at the state legislatures, but they failed. A provision for soldiers aid was defeated by the Missouri electorate at the last election.

Further legislation is necessary in New York to determine a method of paying the bonus. Shortly after the legislature meets at Albany next month, it is expected that a commission will be created to work out a scheme. Soldiers, sailors, marines and nurses are to receive \$10 for each month of service. No officer above rank of captain may participate in the bonus.

New Jersey created a bonus commission to carry out the provisions of the soldier aid law approved by the voters. Every man and woman from New Jersey who volunteered or who was inducted into service under the draft laws will receive \$10 for each month of service, the aggregate individual bonus not to amount to more than \$100 however.

Minnesota granted \$15 for each month of service. The funds are to be raised by the sale of certificates of indebtedness sufficient to pay 110,000 bonuses.

North Dakota will pay \$25 for each month in government service, but the money must be spent in buying a farm, home, medical relief or obtaining an education. The money is to be raised by a tax on real estate.

Wisconsin put into effect an educational bonus, providing for the payment to each man or woman in service \$30 for each month, to be used in getting an education anywhere in the United States. Cash bonus was also voted, giving each person \$10 for each month of service. The money is to be raised by a levy on incomes.

In Washington state, every service man or woman will be entitled to \$15 for each month served between the beginning of the war for America—April 6, 1917—to its end—November 11, 1918.

Bonus bills will be proposed at many legislatures this winter, including Tennessee, Kentucky, Delaware, Pennsylvania, Iowa, Indiana, Michigan, and Illinois, according to reports to the United Press.

John Heany, 616 W. 3rd St., says: "I had trouble with my kidneys and the secretions passed too frequently both day and night, and I had to get up several times during the night. It was very painful to pass the secretions and often they would hardly pass at all. They were highly colored and contained sediment. My back was weak and lame too. I got a box of Doan's Kidney Pills and I used them at Johnston &amp; Co.'s Drug Store and they relieved me a great deal." (Statement given August 25, 1915.)

On November 4, 1920, Mr. Heany added: "I still have the same high opinion of Doan's Kidney Pills as I had several years ago. I use them occasionally and always get the same results."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

## A Rushville Interview

## Mr. Heany Tells His Experience

The following brief account of an interview with a Rushville man five years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. Nina Lewis Declares Account  
of How Her Son Was Shot at  
Osborn, O., is False

### TOLD IN A DISPATCH SUNDAY

Robert Abels Dies From Wound In-  
flicted by Marshall, But Rob-  
bery Was Not Attempted

Private funeral services will be conducted Tuesday afternoon at two o'clock over the remains of Robert Abels, age 20 years, son of Mrs. Nina Lewis, at the residence of Mrs. Al Robertson, 334 East Tenth street, by the Rev. L. E. Brown and interment will be made in East Hill cemetery.

The young man died Saturday morning following an operation for intestinal wounds, which he sustained the night before when shot by William Schneider, town marshall of Osborn, O., who accused him of attempting to rob a hardware store in that village. Two other companions of Abels were also shot, but will recover.

Mrs. Lewis, mother of the victim, stated today that an account of the tragedy appearing in the Indianapolis Sunday Star, in the form of a dispatch from Springfield, O., was wrong, and that the trio were not entering a store, but were shot while standing in an alley, some distance from the rear of the hardware store.

She stated that the three young men were drinking and the marshall stepped upon them and flashed a light in their faces, and when young Abels turned his body from the light, he shot him, the bullet entering his intestines. An investigation is being made to determine where the boys got the liquor, according to Mrs. Lewis.

The other two companions then opened fire on the officer and he returned fire, wounding both of them, but not seriously. Abels was removed to a hospital, where he died Saturday morning following an operation. His mother arrived before he died, and he told her the story.

Mrs. Lewis stated that when she left, no charges had been preferred against the other two boys. The dispatch from Springfield gave the impression that the three were caught after a store had been robbed, or an attempt had been made to rob it.

Young Abels served four years in the navy, and was discharged about a year ago, and was stationed in the Fairfield aviation camp, near Dayton, having enlisted in the aerial service, as stated previously.

Friends may call at the residence of Mrs. Robertson any time up until noon Tuesday and relatives and immediate friends may attend the funeral services.

## STRIKE CALL HELD VIOLATION OF LAW

Supreme Court Decides Internation-  
al Association of Machinists  
Disobeyed Statute

### DANBURY CASE IS RECALLED

(By United Press) Washington, Jan. 3.—The supreme court today held that the International Association of Machinists in the call for strike at the plant of Duplex Plant Printing Company, Battle Creek, Mich., also their refusal to set up its presses in all parts of the country, was a conspiracy in restraint of the interstate commerce commission and violation of the anti-trust laws.

The company claimed that the motion of the union was similar to that of the noted Danbury Hatters case when the court held a big walkout was in restraint of interstate commerce while the machinists claim this view was set aside by the Clayton amendment, to the Sherman law, which exempted labor unions from such prosecution.

The court held the Clayton law did not legalize boycotting such as was indicated in the alleged machinists walkout.

## NEW SALEM CORN SHOW ANNOUNCED

Prizes to be Awarded on Yellow,  
White and Mixed Class and Also  
in Women's Exhibit

### CLASSES FOR THE GIRLS TOO

Program is Arranged by Noble  
Township Farmers Association  
and Women's Auxiliary

## SPICELAND PHONE DISPUTE SETTLED

Patrons of Mays and Spiceland Ex-  
changes Adjust Differences With  
Company

### LATE ORDER TO BE CHANGED

Committees and Manager Agree on  
Changes and Petition Will be  
Filed With Commission

The Noble Township Farmers as-  
sociation and the Woman's auxiliary  
are planning a joint corn show and  
culinary exhibit with a noon pitch-  
in dinner at the school building in  
New Salem, Saturday, January 8.  
Premiums will be awarded to the  
township farmers on white, yellow  
and mixed corn; to the township  
women on bread and cake and to  
the girls on sewing and cooking.

The committees in charge of the  
affair are very anxious to secure as  
many entrants in the exhibit as pos-  
sible.

The morning session which opens  
at 10 o'clock will be a joint session  
and Mr. Beale, of Decatur county,  
will speak on "Agricultural and Busi-  
ness Conditions of South America,"  
which undoubtedly will be very im-  
portant as well as interesting.

The afternoon session will be  
opened at one o'clock with a musical  
prelude, after which the men and  
women will have separate sessions.  
The men will be addressed by Mr.  
Beale and other speakers and the  
women by Mrs. Taylor of Indian-  
apolis, wife of the former state secre-  
tary of the farmers' federation.  
Mrs. Taylor is a very interesting and  
entertaining speaker.

The committees in charge of the  
meeting are urging all people of the  
township, whether members of the  
association or not, to bring well fill-  
ed baskets and compete for the pre-  
miums. An invitation is also extend-  
ed to people of the surrounding  
townships to attend and enjoy the  
day with them.

## SENATE PASSES BILL OVER WILSON'S VETO

Two Democrats and 3 Republicans  
Vote to Sustain President on  
War Finance Measure

### ONE AIM IS TO HELP FARMERS

(By United Press)  
Washington, Jan. 3.—The senate  
passed today over the president's  
bill reviving the war fin-  
ance corporation.

In the veto message President Wil-  
son wrote that the revival of the  
corporation would not in his opinion  
benefit agricultural or general busi-  
ness interests or increase exports to  
Europe. The measure might also in-  
crease taxation in this country, the  
president charged, because it would  
involve additional borrowing by the  
treasury department or the war fin-  
ance corporation which is owned by  
the government.

The vote on the veto was 53 to 5  
in favor of overriding the Presi-  
dent's action. Two democrats and  
three republicans voted to sustain  
President Wilson.

### CONFIDENTIAL DATA GIVEN

Naval Operations Chief Before Sen-  
ate Foreign Relations Committee

Washington, Jan. 3—Confidential  
data concerning the naval program  
of the nation was laid before the  
Senate foreign relations committee  
today when it took up the Borah  
disarmament resolution.

Admiral Koontz, chief of naval  
operations, outlined to the commit-  
tee the naval plans of Japan, Great  
Britain and France. Information  
concerning the real source of the  
information probably will be re-  
quested from the war department  
by the committee.

Indications are that no action will  
be taken on the resolution for some  
time. The committee met today to  
hear Koontz's testimony regarding  
what the disarmament program  
would involve.

## SPECIAL SERVICES WILL START TONIGHT

Union Meetings Will be Held For  
Five Nights in Observance of  
Week of Prayer

### FIRST SERVICE M. E. CHURCH

The annual week of prayer serv-  
ices will begin tonight and continue  
throughout the week, including Fri-  
day night, at the five Protestant  
churches in this city, with different  
ministers preaching each night, the  
first service being held at the First  
Presbyterian church tonight.

The Rev. Reno Tacoma, pastor of  
the First Baptist church, will fill  
the pulpit tonight at the First Pres-  
byterian church and the schedule  
for the remaining four nights is as  
follows: Tuesday, at the St. Paul's  
M. E. church, preaching by the  
Rev. L. E. Brown, pastor of the  
Main Street Christian church.

Wednesday night, services will be  
held at the Main Street Christian  
church, with the sermon by Dr. J.  
M. Walker, of this city, district su-  
perintendent of the Methodist chur-  
ches; Thursday night at the First  
Baptist church, sermon by the Rev.  
C. S. Black, pastor of the St. Paul's  
M. E. church, and Friday night the  
services will end at the First United  
Presbyterian church, with the ser-  
mon by the Rev. W. L. Kunkel, pas-  
tor of the First Presbyterian church.

## Third Linotype Added to Daily Republican Equipment

The Daily Republican today  
added to its equipment a linotype  
machine of a late type.

This gives the Republican  
three type-setting machines with  
which to set news, advertisements  
and job work and puts the newspaper  
in a class by itself. Few if any newspapers in  
cities the size of Rushville are  
as well equipped with type-set-  
ting facilities as the Republican.

The addition of the new ma-  
chine gives the Republican an  
opportunity to serve its patrons  
better because more news can  
be put in type every day and a  
much better newspaper can be  
issued.

It has long been the ambition  
of the Republican to install the  
third linotype machine, but the  
opportunity to do so never presented  
itself until a few months  
ago when the Republican com-  
pany was able to buy a ma-  
chine. During the war it was  
next to impossible to get delivery  
on a machine, but in the last  
year the demand for them has  
not been so great.

The Daily Republican has  
been rewarded for its efforts by  
loyal and increasing support  
from the people of the county,  
which it hopes to continue to  
merit in the years to come.

## GIVES OUT LIST FOR SHORT COURSE

Purdue Announces Six Lines of  
Work at Annual Winter Session  
For Benefit of Farmers

### CORN SHOW JAN. 10 TO 14

Many Classes and Valuable Prem-  
iums are Offered—no Tuition  
Charged For Short Courses

The program for the annual Farmers'  
Short Course of Purdue Uni-  
versity has been received here by  
County Agent D. D. Ball, and others  
as well as the premium list for the  
state corn show, which will be held  
at the University the same time that  
the short course is in progress, dur-  
ing the week from January 10 to 14.

Six complete short courses are  
offered, the subjects being home eco-  
nomics, dairying, horticulture, poultry  
raising, stock raising and soils  
crops. Classes in each of the courses  
continue throughout the five days.

Evening programs have been ar-  
ranged four days of the week. Ad-  
dresses and lectures on current prob-  
lems of the farmer will be given at  
these evening meetings.

The state corn show will be held  
during the week under the auspices  
of the Indiana Corn Grower's Asso-  
ciation. Many classes with valuable  
premiums for each class are offered.

Every farmer is eligible to enter a  
display of corn in the show. Classes  
for wheat, oats and soy beans are  
also included in the premium list of  
the show. The annual student apple  
show will be held in the horticul-  
tural greenhouse during the week. The  
exhibits in this show consist of  
plates of five apples each.

The school of agriculture of the  
university has announced winter  
courses in different phases of agri-  
culture lasting from January 17 to  
March 11. Four plans of study are  
offered in these courses including  
general agriculture, animal husbandry,  
dairy manufacturing and home  
economics. The dairy department of-  
fers a course for creamery field men  
lasting from January 24 to 29. The  
farm mechanics department offers  
three tractor courses of two weeks  
each beginning January 31, dealing  
with problems arising in the opera-  
tion of tractors and tractor-drawn  
implements. The horticultural de-  
partment offers a course to fruit  
growers from February 7 to 11 and a  
course for canners from February  
21 to 25. Complete information on  
these courses can be had from the  
dean of agriculture at the universi-  
ty.

The commissioners were to open  
bids late this afternoon for sup-  
plies at the county poor farm.

A large delegation of farmers  
from Anderson township was pres-  
ent to urge the construction of the  
Tunyas road, the plans for which  
were approved by the board a few  
years ago. The road runs from Old  
Williamstown one mile north and  
thence east to the Carr road. The O.  
E. Humes petition calls for the per-  
manent improvement of Harrison  
street from the south end to Eighth  
street, and of Eighth street from

Harrison east to the Fort Wayne  
road.

### GIRL IS BORN

A .91 pound girl was born yester-  
day to the wife of William Ples-  
singer. The daughter has been  
named Madie Ella.

## INSTITUTES HOLD SWAY THIS WEEK

Farmers of County Will Have Op-  
portunity of Attending in Three  
Different Townships

### FIRST ONE SET FOR ORANGE

Will be Held at Moscow Tuesday,  
Arlington Thursday and at Mil-  
roy on Friday

This week will be devoted to a series  
of farmers institutes throughout  
the county, which will begin with  
one for Orange township farmers  
at Moscow Tuesday and will close  
with one at Milroy Friday. The in-  
stitute set for Mays on Wednesday  
was called off on account of the  
diphtheria situation and may be held  
later in the winter if the speakers  
can be obtained. The other institute  
will take place at Arlington Thurs-  
day.

The speakers for all of the meet-  
ings in this county will be Miss  
Ethelwyn Miller of Franklin, Ind.,  
who has had considerable experience  
as instructor in the home economics  
departments of several colleges and  
universities, and W. H. Senour of  
Brookville, a practical farmer.

At most of the institutes corn  
shows will be held. The program has  
been arranged for the Moscow ses-  
sion tomorrow and is as follows:

#### Morning Session, 9:30

Music—Moscow school.  
"Practical Hints in Housefurnish-  
ing," Miss Ethelwyn Miller, Fran-  
klin, Ind.

#### Recitation.

"How to Increase the Corn Yield?"

W. H. Senour, Brookville, Ind.

#### Afternoon Session, 1:00

Appointment of Committees.

Reading minutes of last meeting.

Music—Moscow school.

"The School Girl's Clothing," Miss

Miller.

Music—Moscow school.

Talk by County Agent Ball.

"Mutually Helpful." Mr. Senour.

#### Corn Shows—Men's Class

Open to Orange and Anderson  
townships, Rush county, and Liber-  
ty township, Shelby county.

Ribbons will be given for 1st, 2nd  
and 3rd places.

10 Ears yellow.

10 Ears white.

Single ear, any color.

#### Children's Class

Money prizes will be awarded as

follows:

10 Ears yellow, 75c, 50c, 25c.

10 Ears white, 75c, 50c 25c.

Single ear, any color, 75c, 50c,  
25c.

R. F. Scudder has returned  
home from Detroit, Mich., where he  
spent the holidays with friends and  
relatives.

## QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets  
That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No griping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure relief from Dr. Edwards' little Olive Tablets at bedtime.

## VIOLENCE FEARED; BANDITS ARE MOVED

**Quartet Who Robbed Culver Exchange Bank Last Wednesday Are Taken to State Prison**

## ONE OF VICTIMS MAY DIE

**Michigan City, Ind., Jan. 3—J. J. Fox, Joseph Beyers, J. R. Burns and Albert Gilbert, captured last Wednesday following an attempt to hold up the Culver (Ind.) Exchange Bank, who late Saturday were secretly removed from the Marshall county jail at Plymouth and taken to South Bend because of fear of mob violence; are now behind the bars of the State Prison at Michigan City. The fear of violence was due to the serious condition of Jacob Saine, a Culver merchant, who was shot by the robbers while they were attempting to loot the bank last Wednesday.**

**Authorities at Plymouth and Culver say they are without a clew to the whereabouts of the fifth member of the bandit party, who escaped after the daring daylight robbery. He is believed to have made his way to shelter in the Chicago underworld, but officers expressed belief that he had left Chicago.**

**Conderate Hen.**  
A hen which deposits a fresh breakfast egg on her owner's bed, and then awakens him at the proper time to consume the fruits of her industry, is, states the Timber Trades Journal, the prized possession of a sawmill employee at Bend, Ore. Retiring at 8 a. m.—the end of his working day—the man leaves open the window at his bedside. Shortly before noon the hen flies in, nestles near her master's shoulder, lays her egg, and rising pecks the sleeper gently on the forehead.

## TARIFF BILL THIS SESSION IS DOOMED

**Senator Watson Believes all of The Time in Congress Will be Devoted to Appropriations**

## CONFERS WITH SEN. PENROSE

**Indiana Senator is Prohibited From Taking Much Exercise But Holds Conferences**

**Washington, Jan. 3—There's**

**not a ghost of a chance to get any of the tariff or tax bills through at this session of Congress," said Senator James E. Watson Saturday night after he had concluded a long conference with Senator Boies Penrose.**

**Both senators are far from well and both are incapacitated for much walking, but they had a long automobile ride today in Senator Penrose's big red car, with which Washingtonians have become familiar and which they have missed in the last few months. They discussed public matters with as much interest and keenness as though they were both sound.**

**"I have deep sympathy for any one who is sick," said Senator Penrose in announcing that he would call on Mr. Watson, "and especially as a senator, for I know what it means to be laid up."**

**Senator Watson is prohibited from taking much exercise, but is permitted to motor daily. Senator Penrose has difficulty in walking and uses a wheel chair a good deal, but he intends to walk into the Senate Monday and again take an active part in its affairs.**

**In the meantime Senators Penrose and Watson are chafing for action and together they went over the general situation today.**

**Senator Penrose naturally wanted to obtain the general views of Senator Watson, who has been acting for the Pennsylvania senator during his illness and absence and to go over every phase of the situation with him. He sought especially the views of Senator Watson on the pending tariff bill and tariff legislation generally, on tax legislation, on the general legislative situation and the situation in the country financial matters, the causes of the "bareup" in the country at this time, and what, if anything can be done at the present session.**

**"There will be no opportunity, in my opinion, to pass either tariff or tax legislation at this session of Congress," said Senator Watson after his conference with Senator Penrose. "Appropriation bills said to aggregate more than \$5,000,000 are pending before congress and must be acted upon. But two months remain of this session and there will be practically no opportunity to pass any legislation except appropriation measures. I doubt very much if it would be possible to pass a single measure affecting the tariff or taxation before the end of this Congress."**

**"Our Democratic friends are becoming active in their opposition to the pending tariff bill and opposition to it is springing up in various parts of the country. Any bill may be sidetracked for an appropriation bill at**

**the expense of the tariff bill."**

**EASTER INDEPENDENCE**

## Personal Points

Mrs. James C. Gregg will be unable to entertain the members of the W. R. C. Penny Social tomorrow afternoon on account of sickness. She will entertain the club a week later, January 11.

John Nipp was among the business passengers today in Indianapolis.

L. L. Endres went to Chicago Sunday to attend the furniture market.

Frank Abercrombie was among the business visitors today in Indianapolis.

Miss Helen Jenkins of Peru, Ind., is visiting her sister, Mrs. L. L. Endres.

Roy Waggener of the Park Furniture company left today for Grand Rapids, Mich., to attend the furniture show.

G. E. Muire has gone to Grand Rapids, Mich., for a two weeks stay to attend the furniture show.

Dwight VanOsdol returned this morning to Bloomington, where he is a student in Indiana University.

Mrs. Allen Daniels has returned to Chicago to complete the year teaching school, after spending the holidays here.

Mr. and Mrs. E. L. Outland returned to Orange last evening after spending the Christmas vacation with relatives in Richmond, Ind.

Miss Marguerite Kelly, who has been visiting relatives and friends in this city for a few days, has returned to her home in Louisville, Ky.

Mr. and Mrs. Raymond Holbrook and John Meredith and son Edward attended the funeral of Mrs. Benah Pike at Spiceland yesterday.

Miss Esther Anderson returned this morning to Greencastle, where she will resume her studies in DePauw, after spending the holidays here.

Mrs. Will Meredith has returned from Chicago where she attended the annual meeting of the National Music Teachers association.

Miss Mary Ruth Smith of Indianapolis has returned to her home after spending New Year's in this city, the guest of W. O. Walton and family.

Miss Anna Starr of Indianapolis spent the week-end in Orange the guest of her brother, E. M. Starr and wife, at the home of Mrs. Ida L. McKee.

Harold Beaver, Wabash college student, left this afternoon for Crawfordsville after spending the Christmas vacation with his parents near this city.

Earl Morton left this afternoon for Greencastle, to resume his studies in DePauw university, after spending the holiday vacation here with relatives.

Miss Helen F. Wilson left today for Louisville, Ky., where she will join Miss Louise Pace from Alton, Ill., and they will return to their school at Lexington, Ky.

Dr. F. G. Hackleman has returned from spending the holidays in the east with his son, Ralph Hackleman, who is a student in Harvard at Cambridge, Mass.

Miss Marian Sefton returned to Greencastle this morning, to resume her studies in DePauw, after spending the holidays with her parents, Mr. and Mrs. M. O. Sefton.

Levon Prewitt, who has been visiting friends in this city for a few days, returned to Crawfordsville, Ind., this morning to resume his studies in Wabash college.

Mrs. F. E. Riegle, who has been spending the past week in Neenah, Wis., returned to Orange this morning to resume her work as an instructor in the Orange high school.

Miss Edna Trobaugh has returned to South Bend, Ind., where she is teaching in the public schools after spending the Christmas holidays in this city, the guest of relatives.

Miss Edith George of Orange returned to Evanston, Ill., this morning, where she is a student of Northwestern university, after spending the holidays with her parents.

Miss Lela Bowen and Miss Helen Reed returned to Bloomington, Ind., this morning to resume their studies in Indiana university after spending the holidays with their parents.

## THEORETICAL AMOUNT OF "A TEASPOONFUL"

Correct Quantity Is Placed at 5 Cubic Centimeters.

Housekeeper Measuring With a Teaspoon Should Fill It "Level," Not "Heaping," Says Office of Home Economics.

Five cubic centimeters is what the bureau of standards has set as the theoretical quantity a teaspoon holds, but all spoons do not conform to this. The housekeeper measures with a teaspoon and should fill it "level," not "heaping." How many teaspoonsfuls does a pound of baking powder contain? Apparently the number depends on yourself, upon the spoon used, upon the brand of baking powder you buy, upon the can in the lot which you happen to get, and upon a few other factors which, though seemingly inconsequential, do enter into the problem.

A pound of baking powder lasts longer with some cooks than it does with others. In an endeavor to learn where the difference is made in the experimental kitchen in the office of home economics of the United States Department of Agriculture recently conducted a series of experiments.

Various types of cooking teaspoons were first experimented with to determine the exact amount held in each case. Both the ordinary teaspoon and those "measuring spoons" which are linked together in sets were tested. A variation of from 125 to 150 teaspoonsfuls was found in the same pound can when different teaspoons were used.

The personal equation also enters into the amount which is called a teaspoonful. It was found the differences due to individual manipulation ranged from 10 per cent to 30 per cent, a wider range of variation than those due to the different capacities of different teaspoons.

## Household Questions

Use more milk by cooking rice and cereals in it.

Cauliflower is delicious served with mayonnaise dressing.

If a roast is basted many times it will be much more juicy.

DR. EDWARD BENES

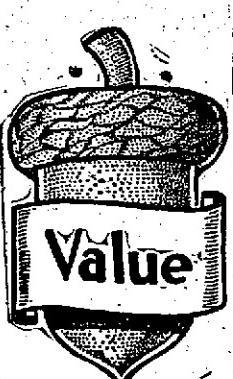

Dr. Edward Benes, foreign minister of Czechoslovakia, has been the leader of the organization of what is known as the "little entente"—a league of Czechoslovakia, Jugo-Slavia and Roumania, designed to guarantee their integrity and to prevent the return of the Hapsburgs to the throne of Hungary.

Mr. and Mrs. George Lenard gave a dinner party yesterday in honor of Mr. and Mrs. Allen Daniels. The house was beautifully decorated with Christmas decorations and the dining room table was adorned with carnations and roses. The guests were Mr. and Mrs. Allen Daniels, James Daniels, Mr. and Mrs. Henry Ramey and daughter Fannie Mae, Mrs. Pete Johnson, Mr. and Mrs. N. P. Fletcher, Mr. and Mrs. Henry Johnson, Mr. and Mrs. William Jones, and Mr. and Mrs. Rias Vest of Connersville, Mrs. Lucile Hanly of Columbus. Mrs. Josh Brown and children of Richmond. Mrs. Daniels left last night for Chicago to resume her work in school there.

"A few minutes more, Peggy dear, and Daddy will be back with the Kemp's Balsam. Then you can go to sleep and forget that horrid old cough."

KEMP'S BALSM WILL STOP THAT COUGH

## SEVENTH Anniversary Celebration

NO PHONE ORDERS. GOODS SOLD FOR CASH ONLY

Everyone For Miles Around Is Awake To What Is Going On  
THE GREATEST EVENT THIS STORE HAS EVER HELD

If thrift be defined as a true expenditure of money, then every woman should attend this Anniversary Celebration. Prices are a great deal lower than they have been for the past two years, in fact, they are just as low now as we expect they will be in the spring of the year. No attention has been paid to what the goods cost or our profits on them. Our only consideration is to show our patrons that we appreciate their good will and patronage they have extended to us in the last seven years and we believe we will accomplish this with these great price reductions on quality merchandise.

You can well imagine the bargains offered in this Anniversary Celebration are great, but even the fondest imaginations will be eclipsed by the actual facts. Such as these:

## SPOOL COTTON

Black or white, all sizes, 150 250 yard spools

**3c**

Dress Gingham, regular 59c to choose from, price the yard

**25c**

## Coats - Suits - Dresses

## Editorial

This is the time for 100% Optimism.

Conditions everywhere point to a period of real prosperity.

Factories can now produce goods at lower cost. People can buy practically everything cheaper than they could for the last five years.

The business outlook is encouraging. There is reason for everybody feeling enthusiastic.

This is the time to dismiss all doubt—to banish all uncertainty—to think and talk in terms of optimism.

The future is bright. Everybody is settling down to work CHEERFULLY for normal prosperous times.

Smiles and good cheer are catching. Optimism has a reassuring strengthening influence.

The tonic of universal optimism is all the country needs to keep prosperity going full speed ahead.

E. R. Casady

## Our Position Sound

The foreign trade position of the United States is fundamentally sound and, although the problems of the next year will require maximum cooperation from all, there is much to inspire confidence and hope for the future, and the outlook for a greatly cleared situation in 1921 seems promising at this time, according to the new year issue of the Guaranty Trust Company's international trade survey, "American Goods and Foreign Markets". Concerning the foreign trade outlook, the survey says, further:

Entering the new year in a sounder financial, industrial and political condition than any other important nation in the world, the United States faces the combined duty and opportunity of establishing on a firm, permanent basis the dominant position in world trade which her prosperity warrant and on which her future progress in large measure depends. Our industrial machine, stimulated by five prosperous years, is geared to supply a large export trade, and foreign markets continue to demand enormous quantities of our surplus products. To satisfy this foreign demand, through foreign investment and the granting of agreeable credit terms, and thereby to provide a permanent outlet for the surpluses of our industry, is America's outstanding economic problem today.

During the last twelve months the European demand for raw materials with which to restore industry to normal production has kept our export trade at a high level. A continuation of this increased demand may safely be expected, for, as the European nations progress in the restoration of their industrial productivity, they will become better able to purchase and pay for American finished products in increased quantities. American foreign traders should therefore, overlook no opportunity to strengthen their hold in recently acquired mar-

kets and to reach out into many new fields which circumstances have opened to them.

In spite of the large volume of our exports during 1920, the addition to our balance of trade shows a decided falling-off as compared with 1919. Imports, which in 1919 totalled less than one-half of our exports, now amount to two-thirds of our exports—a recovery which can be taken as an indication of further leveling of our export balance in 1921 and renewed activity on the part of foreign competition.

High officials of the American Federation of Labor announced their advocacy of restriction of immigration. Funny, isn't it, since the president, the first vice-president, and secretary of the Federation were all born abroad. Strange indeed that among the most important of the officers of an "American" Federation of Labor there is not one who was born in America.

Great Britain seems to have the continued cooperation with the Wilson administration in her effort to induce the United States to enter the League of Nations. But the 8,000,000 majority in the November elections has more potency in determining our foreign relations than any propaganda Great Britain can conduct.

In Germany they are said to have found a way of making print paper from leaves of grass. That may work out in Germany, but if any fellow should try it here he would soon find the trust burning up his grass. Nothing is permissible in this country that will reduce the cost of paper stock.

If your neighbor growls at you give him a smile in return. You will be the better man of the two.

There is a strain of piety in most men, but too often it is overstrained.

Not all people can hope to become great men. Some are women.

\*\*\*\*\*  
THE RED CROSS BUTTON  
\*\*\*\*\*

Button, button, who's got the button?

It's a button of red, white and blue  
With a cross of blood red

Which always has led

Wherever there's service to do.

It's a button which shows that the wearer

Would aid in the work of mankind,

Who has it? Who wears it?

In your home how fares it?

Just you count how many you find!

On, millions and millions should prize it

This nice teen and twenty and one;

For the Red Cross must bear

Its burden and share

Of all the world's work to be done.

\*\*\*\*\*  
But Not Like September Morn  
\*\*\*\*\*

Washington, Jan. 3.—Men have been "pinched" for using a telescope on bathing scenes. Naked eyes have been blacked for intrusions and murder has been done for "telling".

But now the microscope has been employed to reveal bare facts and figures. Moreover, government investigators announce they will distribute their findings in a "movie".

Some poor insects too insignificant for ordinary attention were the victims. The pool was a dewdrop and the bathers, creatures too small for the naked eye. The film called "A Plant Disease and How It Spreads" shows organisms creating rhubarb blight, a source of heavy loss to gardeners. It will be distributed by the U. S. Department of Agriculture.

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, fistulas, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

## FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Muscle

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on.

## Harding's Famous Front Porch May Boost Of A New Owner Soon

President-elect Harding is Considering Plans to Sell His House in Marion But Will Not Dispose of His Little Newspaper Which is a Good Money Maker

Marion, Ohio, Jan. 3.—Strange feet may tread the famous front porch at 380 Mount Vernon Avenue here after March 4, if present plans of the Hardings are carried out.

Having engaged a home on Pennsylvania Avenue in Washington for the next four years, they hope to dispose of their home in Marion and the brick house on Wyoming Avenue, in Washington, where Harding lived during his term in the Senate. President-elect Harding, however, has no intention of selling the Marion Star, as this little newspaper made him several times his Senate salary last year. In fact, he is planning to erect a large, modern plant in the near future.

The Harding home in Marion probably will either be leased or sold in the next few weeks. The house was shut up for six years while the Hardings were in Washington. Newspapers were put up in the windows, the house went unpainted and tall weeds grew in the front yard, where thousands gathered around the front porch last fall. Senator Harding had to dig up several hundred dollars to put it in condition for occupancy during the campaign.

A shortage of houses in Marion and a reluctance to allow so much money to remain tied up in an empty dwelling have prompted Mrs. Harding to cast about for a way to realize on the investment. But Senator Harding, and his wife, too, hold the place in a deep sentimental regard, and may at the last minute decide to keep it for the memories of the presidential campaign.

An ex-senator, who probably will be in the Harding cabinet, has already expressed a desire to purchase the Washington home, and it probably will be disposed of, furniture and all, to him.

## Sap and Salt

By BERT MOSES.

It takes a lot of "lemons" to make a Wall Street "melon."

No one ever got much of anywhere doing things tomorrow.

Righteousness cannot be "put" into people; it has to "grow" there.

Why is it men who go to church regularly are seldom popular with women?

Hez. Heel says: "Women never get tired of talking about operations and the best way of canning tomatoes."

The origin of the Apostle's Creed is not fully determined. It is supposed to have been taken from the confession of Peter (Mark 16:16) and from the baptismal invocation which determined the trinitarian order and arrangement. The earliest mention of the Apostle's Creed is found in the works of St. Irenaeus against heretics. He died in 202 A. D. when about 80 years old.

## THE DAILY REPUBLICAN RUSHVILLE, IND.

SPICELAND PHONE  
DISPUTE SETTLED

Continued from Page One  
In the meantime the agitation spread to Spiceland and the patrons there also named a committee and the two committees met with the manager and threshed out their differences, resulting in an agreement being reached, which is now up to the public service commission for approval.

A mass meeting of the patrons of the Spiceland company had been

called for tonight, but this has been called off and instead a petition will go forward to the service commission asking a change in the original order. It is believed the change will be granted in view of the fact that it is satisfactory to both the patrons and the telephone company.

The new rates established by the commission would have returned the company seven percent on its investment, according to the figures given by the commission in its original order granting the increase.

I.O.O.F. FIVE FACES  
HARD GAMES THIS WEEK

Meets Blue Ridge Here Tuesday Night and Greensburg on Their Floor, Thursday Night

## TEAMS FOR CURTAIN RAISER

The Odd Fellows basketball team has two hard games ahead of them this week, when they play their first game with the Blue Ridge team here tomorrow night, and then go to Greensburg on Thursday night to meet the Legion team of that city. The curtain raiser will be played between the Fairview high school and the Manilla high school, beginning at 7:15.

The game here tomorrow night promises to be a good attraction, as these two teams played each other to a standstill on the Blue Ridge floor a few weeks ago, when the Rushville team won in the last few minutes of play, by a lone point. The Blue Ridge team is coming loaded for victory tomorrow night, and the Odd Fellows will use their best line-up, in an effort to keep the victory at home.

The Greensburg American Legion team has been travelling fast this year, but the Odd Fellows expect to take this game on Thursday night in that city.

The local team also was scheduled to play to Shelbyville Friday, but this game was given a new date. Both Shelbyville and Greensburg will play here in the near future.

Not Afraid.  
"John," exclaimed the nervous woman, "there's a burglar trying to get into the flat."  
"I'll get up and give him the fight of his life."  
"Aren't you afraid?"  
"Not a bit. Any burglar who thinks this flat can hold all three of us must be a little bit of a fellow."

Same Thing.  
"The gang's good bunch, I'll tell the world," was the way the politician expressed it.

But here's the way it appeared in the newspapers:

"The esprit de corps of my organization is simply marvelous, I'm proud to say," declared Mr. Meighan—Judge.

Say It With Flowers.  
"I'm getting home a trifle late. Got to take along some flowers to appease my wife."

Roses?  
"Now, too many thorns. Gimme somethin' that won't scratch if I get the bouquet across my face."—Judge.

Light.  
"Some of our greatest men studied by the light of a log fire."

"It isn't such a bad light," observed Mr. Growcher. "It has an advantage of not entitling anybody to send a bill and then turn the light off if you forget to pay."

The Dread Alternative.  
The Heroic Star—I'm tired of these breakneck stunts. Haven't you another part for me?

The Director—Nothing but a lover's part, playing opposite your wife.

The Star—Lead me back to the cliff.

Twas Ever Thus.

First Martian—It takes all kinds of people to make a world.

Second Martian—What caused you to pull that hoary platitude?

First Martian—Just talking with a sump who believes the earth is inhabited by humans.

## FOREWARNED.

A little girl was sent to fetch some milk from a neighbor. She took with her two cans.

On arriving home she was crying and bawled with mud.

Mother saw at once that her darling had had a fall and asked if she had lost all the milk.

"No, mother, not a drop."

"And how did my clever little darling manage that?" mother asked.

"I knew I was going to fall, mother, so I stood the cans down."—London Answers.

## IMPOSSIBLE.

First Shade—What makes Charon look so tired?

Second Shade—He's been trying to pull up the river.

First Shade—Could he do it?

Second Window Curtain—Course not; the blame River Styx.—Brown Jug.

## BRONCHITIS

At bed time rub the throat and chest thoroughly with

# SOCIETY

The executive committee of the C. W. B. M. of the Main Street Christian church will meet with Mrs. D. H. Dean promptly at two o'clock tomorrow afternoon.

\* \* \*

The Ladies Aid society of the First Baptist church will meet Wednesday afternoon at 2 o'clock in the church parlors. All of the ladies are urged to be present.

\* \* \*

Mrs. John M. Lee will entertain the members of the S. E. T. club Friday afternoon at her home, 914 North Morgan street. As this is the first meeting of the New year, a full attendance is urged.

\* \* \*

Wednesday night, January 5, will be the regular meeting of the Pythian sisters. Installation of officers will take place at this meeting. A good attendance is desired and all incoming officers are requested to be present.

\* \* \*

The Loyal Women's class of the Main Street Christian Sunday School will have their monthly meeting tomorrow afternoon at 2:30 o'clock at the home of Mrs. D. H. Dean in North Main street. Each member is urged to be present as special business will be transacted at this time.

\* \* \*

The War Mothers will meet Wednesday afternoon at two o'clock in the assembly room of the court house. All members are urged to be present to make arrangements for the reception of the state president, Mrs. Elizabeth Carr of Indianapolis, who will be the organization's guest sometime this month.

\* \* \*

A bountiful pitch-in dinner was served at the home of Mrs. Belle Trobaugh in West Seventh street, honoring Miss Edna Trobaugh of South Bend, Ind., New Year's day. The following guests were present: Mr. and Mrs. Frank George and sons, Mr. and Mrs. Leslie Trobaugh, Mr. and Mrs. Omer Trobaugh, Mrs. Charlie Culbertson, the Misses Edna Ethel, Nell, and Florine Trobaugh and Lillian Culbertson, and Charles French, Herbert, Harold, William Trobaugh and Roy, Vernon and Harold Culbertson.

### HOW IVAN WON

IVAN was a poor boy, but a very ambitious one. His father was a blacksmith, and when the great lords would come by in their armor to buy their steeds shod, Ivan would sit by the forge and gaze in wonder at their雄壮的array.

One day Lord Raymond rode up with his beautiful daughter accompanying him on a pony. Ivan admired the young girl as she sat waiting for her father's horse to be shod.

"Have you heard the news, father?" asked Ivan's mother of her husband the next morning at breakfast. "Lord Raymond was last night called to the war by our king, and at noon today he and his 600 men will ride forth."

"But who will defend the castle if old Earl Edmond comes against it in the lord's absence?" asked the father. "I think there is small fear of that," replied the wife.

So at noon the long line of prancing steeds, headed by the lord, rode down the road and was soon lost to sight.

One September afternoon Ivan walked to the summit of a hill, from which he could see the surrounding country for miles. A flickering light caught his eye. There was a long procession of men winding across the valley, and all were clad in glittering armor. They were keeping close to the shadow of the woods, but when they crossed the sunlit path the light brightly. At the head rode a huge man on a black horse and nearby another carried a banner on which was a black eagle.

"It is old Earl Edmond!" exclaimed Ivan. "He is coming to attack the lord's castle in the absence of the owner."

Then far below Ivan noticed that not far from the castle was a large bridge, and below it rushed a mighty river.

"The earl will camp on this side of the big bridge this evening in the woods," said the boy aloud. "And by morning will come over to take the castle. If the timbers holding it can be cut through tonight the wicked men will fall into the river."

With this he ran to his father's shop and got an ax. Within an hour he was at the bridge and had run to the other side, near the castle. Selecting one of the big, strong posts

which upheld the weight, he began to cut, and for two hours he kept at the work. At last the beam was easily broken in two parts. He then took the other post, and after three long hours of hewing and resting, he managed to also sever that. The bridge would now fall apart were anyone to walk on it. But by placing several planks over the hole Ivan made it look as if nothing had been done.

At dawn he heard the tramp of men. The heavy horses trotted on to the bridge, while Ivan hid in the bushes at the far end. At the head still rode Earl Edmond on his black charger. He neared the side leading to the castle.

Altogether manufacturers seem agreed that spring fabrics shall be of the softer silks in printed designs of color and vividness. Gray, sand blue and green are the outstanding colors just now.

Suddenly the sound of a bugle shrilled on the air and Ivan saw coming toward him along the river bank the same Lord Raymond who had marched away two months before.

Ivan told the lord how he had defeated the wicked earl and how the castle was now saved from any attack by the enemy.

"Well done, my lad!" cried the lord. "You have done better than I could have with all my men. You must come to the castle and be part of my guard, so when you are a man you can be a knight."

So Ivan took up his abode at the castle. Years afterward, when he was married to Adele and reigning over the surrounding land, he had a great pillar of stone erected at the bridge to mark the spot where one ax defeated hundreds of men.

# If Petroleum Were Wiped Out Today

**I**F petroleum were wiped out today, factories would close their doors, agricultural machinery could no longer be made or operated, food could be raised only by primitive methods, and the transportation of food would be confined to horse power and water, for railroads could no longer run their trains, and before any adjustment could be made our great urban population would literally be starved to death.

The prosperity of all industrial nations is based upon petroleum.

The peak from which floats the flag that symbolizes the prosperity of the United States arises from a basic foundation of crude oil.

The underlying foundation of this prosperity is lubricating oil, for without this essential product of petroleum, the machinery of the world would stop and the world's reserve of lubricating oils, though vast in volume, would last but a few weeks at our present rate of consumption.

The next essential factor is kerosene and gasoline, for without the first, one half of the population of the world would be without light at night, and without the second, all types of internal combustion engines would be useless, and the automobile, tractor, truck, marine and aviation engine would be mere curiosities.

If lubricating oil, kerosene, and gasoline were available, but the hundreds of by-products made from the residue of petroleum were wiped out, many industries would be closed and unemployment would be general, for in nearly every industry one or more of these by-products are necessary in the manufacturing processes.

Thus is visualized by an extreme presentation—purely imaginative—of what might happen if petroleum, or any of its major derivatives, were wiped out over night. Also it shows the importance of the work the Standard Oil Company (Indiana) is doing in helping supply one of the basic, economic needs of the nation, and emphasizes the importance of the service the Company renders in promoting the comfort, health, and happiness of the individual citizen.

DUBLIN, Ireland, Jan. 3—Government agents are engaged in a nationwide search for Eamon DeValera "president of the Irish republic" who is supposed to have landed secretly in this country.

The Irish officials stated that DeValera is liable to arrest as a jail breaker, he being a fugitive when he escaped from an English prison.

There was much speculation here as to how DeValera managed to land undetected in Ireland. It is believed that he had some agreement with British authorities whereby they permitted him to enter this country.

Military garrisons were on the alert today and commanders believe that the landing of DeValera might excite the Sinn Feiners to fresh outbreaks, Queenstown, the principal Sinn Fein point, has been strongly guarded for weeks so it was assumed DeValera did not land at this place. It is believed that he landed at Galway Bay on the west coast and came to shore in a small boat. Recently the militarists raided the desolate Aaron Island, a Sinn Fein hiding place in Galway Bay.

## BILL TO PROTECT STATE RESOURCES

Would Require Producers of Natural Resources to Make Yearly Reports

### INCLUDES MANY RESOURCES

Failure to Submit Reports Within 30 Days After Due Producer Subject to Prosecution

Indianapolis, Ind., Jan. 3.—A bill providing and requiring operators and all other producers of natural resources within the State of Indiana to make yearly reports to the Department of Conservation, showing the amount of production, will be introduced by the division of geology at the coming legislative session, it became known today.

The bill is designed to protect and where possible perpetuate at the same time judiciously exploit the resources of Indiana.

Section 1 of the proposed bill reads that every operator and producer of natural resources shall be required to submit a verified report to the director of the state conservation department on or before the first day of February of each year, showing the kind and amount of natural resources produced by said operator or other producer during the last preceding calendar year. The bill makes plain that such data shall not be used for the purpose of taxation. Resources included in the bill are limestone, sandstone, shale, glass, sands, molding sands, clays, petroleum or crude oil and such other natural resources as the Department of Conservation may add from time to time.

Under the proposed bill manufacturers are also required to submit a report before the first day of February of each year of the kind and amount of raw material used by each and where the material was obtained. Failure to submit such reports within thirty days from the time they are due subject the operator or producer to prosecution for a misdemeanor, and if found guilty, to a fine in any sum not less than \$50 and not more than \$500.

Worth Trying, Anyway. Instead of trying to see how much trouble you can stir up, get busy and help those who are in trouble and see how much you will enjoy the change—Exchange.

## Never Felt Better In My Whole Life

Had severe pains in his back for eight years—takes Dreco and gains 10 pounds.

"I have gained 10 pounds on three bottles of Dreco, and after eight years of suffering, I feel as well as I ever did in my life," said Mr. Lewis Hickman, who lives at 1814 N. Lafountain St., Kokomo, Ind. Mr. Hickman is employed by the Liberty Press Metal Co.

"For the last eight years I suffered from the most awful pains in my back, which kept getting worse all the time, and even though I tried everything that was recommended to me, nothing did me any good at all. My kidneys bothered me very much, and I'd have to get up eight or ten times during the night, and sometimes the flow was too frequent and sometimes too scant, but always of a high color and feverish, with a bad odor. I lost my appetite, and it was almost impossible for me to sleep. I couldn't get any rest, no matter what position I would get in, for the pains and soreness in my back. It was very hard to get up after I was down a while."

"I had heard about Dreco so much I bought a bottle and took it faithfully. My improvement at first was slow, but I kept it up, and I am glad I did; for now all the pain has left me, and I go to bed and rest well, and never have to be called up. My appetite has returned, and I have actually gained 10 pounds in weight. I feel that I have fully recovered, for, as I said before, 'I never felt better in my life.'

All good druggists sell Dreco and it is highly recommended in Rushville by F. B. Johnson & Co.—Adv.

## FIND MOST SORDID COMBINATIONS

Investigation of Senate Committee vindicates Position of Special Food and Coal Commission

### ALSO A GEOLOGICAL SURVEY

Declared Commerce Commission Paid Salaries of Survey to Make Favorable Reports

By JESSE E. ESCHBACH

Indianapolis, Ind., Jan. 3.—Daily developments before the committee of the U. S. senate investigating the conditions in the coal industry, are each day vindicating the position of the special coal and food commission of Indiana and exposing to public scrutiny one of the most sordid combinations and cooperation among the interstate commerce commission and geological survey department of the U. S. and the National Coal association, that perhaps has ever come to the attention of American citizenship.

It is almost human belief that a great association controlling the production of practically every pound of fuel in the U. S. should have paid the salaries and expenses of men in the U. S. Department of Geological Survey to make reports purporting to be the results of the investigation of the employes of the federal government from unbiased sources and scientifically correct, and at the same time to be preparing the orders of the interstate commerce commission of the federal government regulating the distribution of coal.

The reports of the geological survey have been used throughout the U. S. and especially in Indiana and were quoted by operators in practically every hearing in Indiana in defense of their injustice and extortion.

More injustice has been done the public in its purchase of fuel under the guise of interstate commerce regulations than under the influence of any factor in commercial life except the inordinate greed of many operators and wholesalers and now the public learns that these orders of nationwide importance were prepared by the very interests the government was seeking to regulate and control.

The investigating committee of the U. S. senate is rendering the American people the greatest economic service in a decade and when its final report reaches the people we predict that its disclosures will convince Indiana citizens at least beyond a reasonable doubt that one of the most outrageous injustices of our commercial history was being practised on fuel consumers in America and that every step and every order of the special coal and food commission of Indiana were undertaken in the interest of justice and fairness and in order to protect our people from burdens of greed and distortion which ought never be borne by a free-born, liberty-loving people.

### SAVE THE BIRDS

## TO ASK FOR ADDITION TO STATE DEPARTMENT

Members of State Department of Conservation Will Request a Department of Engineering

### TO DRAFT BILL FOR PURPOSE

Indianapolis, Ind., Jan. 3.—A new addition to the state department of conservation known as the engineering department will be asked of the legislature members of that department said when it convenes here in January.

The new division would be confronted with problems of construction such as the Great Lakes to the sea waterway project which is being advocated, the building of the Sand Dunes Park which is now nothing more than waste land.

A bill being drafted by Rep. Copstick, Clinton county, to give police officers the same right as are now exercised by the county sheriffs.

Under the present system a city police officer may not go out of the city limit for a fugitive and although the police man is only a few moments behind he must stop at the city limits. Under the new bill the city officer may go as far as the sheriff.

The bill also will have embodied in it a provision to allow the justice of peace to communicate with the governor to obtain extradition papers instead of going to the Circuit court or waiting for the Circuit court to convene should the crime happen when the court is on vacation.

## Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon, Carthage, Missouri.

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends or Quakers. He resides at 628 Howard avenue, Carthage, Mo.

"Uncle Parker," as he is more familiarly known, came from fine rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a restricted diet. I suffered dizzy spells; I had severe pains a great deal from headaches and across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties."

"This condition made me very nervous and I could not sleep at night. Frequently I would lay awake most all night and was in that condition more or less for 5 years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas and went back and forth 3 times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and am nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended Tanlac to a great many of my friends and am pleased to reach others by giving this statement for publication."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hawkins, R. R. 2.—(Adv.)

### Amusements

#### "Deep Waters" — Princess

Maurice Tourneur's latest production, "Deep Waters", will be the attraction at the Princess Theatre today and Tuesday. The story was adapted from F. Hopkinson Smith's popular novel, "Caleb West, Master Driver", and the scenes are laid on the New England coast.

Caleb West, a man past his prime, and his girl-wife, Betty, are the central figures in the story. Betty becomes attracted to a youth named Bill Lacey, and, though she does not love him, they run away together. Later, the ship upon which Lacey is traveling is wrecked and Caleb West brings the body of the young man to the surface. In a dramatic scene the loyalty of Betty to her husband asserts itself and a touching reconciliation takes place between the two.

"Deep Waters" introduces in the leading feminine role Mr. Tourneur's latest "find", Barbara Bedford. Broekken Christians plays the male lead, and others in the cast include Jake Gilbert, Lydia Yeaman Titus, and George Nichols. The picture is a Paramount.

#### All-Star Cast at Mystic

The fury of a woman scorned plays an important part in "Moon Madness", a Robertson-Cole Special, produced by Haworth with Edith Storey and an all-star cast, which will be the chief attraction at the Mystic Theatre for two days, beginning today.

When Adrien Fleuriot, a Parisian artist, came to Algeria and roused in Zora, child of the desert, the passion of love, so that he could use her as a model for his painting, "Love", he played with fire.

"She will forget he told himself uneasily," when he returned to Paris. But Zora did not forget. With a cunning and shrewdness born of her hatred, she planned her revenge.

It was several years later that Zora again saw Adrien, this time in Paris, at the artists' masked ball in the Latin Quarter. Dazzling in her costume of an Egyptian sorceress, Zora succeeded in arousing the interest of Adrien. In a series of dramatic scenes Zora discloses her identity to Adrien and leaves him completely crushed.

Then follow even more exciting scenes in which Zora is forced to fight for her good name in the sumptuous and sensuous den of a Parisian roué. How she is saved from the clutches of this fiend, finds her true love and learns the facts of her identity, hitherto obscure, make the denouement of this story one of the most interesting seen on the screen in some time.

Edith Storey plays Zora, and rises to great emotional heights in a role in which she is thoroughly at home. An all-star cast, far above the ordinary, supports Miss Storey, including such players as Wallace McDonald, Sam de Grass, Josef Swickard, William Courtright, Irene Hunt, Frederie Starr and Frankie Lee, the child actor who won world recognition for his interpretation of the lame boy in "The Miracle Man".

HIGH SCHOOL STUDENTS DEMUR OVERDANCE EDICT

Indianapolis, Ind., Jan. 3.—High school students of Indianapolis are up in arms over the edict of their parents and school authorities providing.

That girls shall wear their corsets to school dances.

That Sally shall leave her "make up kit" at home when she goes to school, and,

That the shimmy wiggle and other modern dances will not be tolerated at school affairs under sanction of school authorities.

One girl kicked up a row over the whole business when she told her mother she didn't want to wear her corsets to a dance because the boys called the corset-wearing girls "old Ironsides" and that with such a monicker a girl made a beautiful "wall flower". The girl is said to have told her mother that those who wore corsets under parental pressure discarded them before they started dancing. At one dance, she said a chair was piled high with corsets.

Regarding powder and rouge and lipstick, this all came around under ban of Principal Buck, of Shortridge High school. At the same time the principal declared that the modern dance as given by his students needed police supervision and that they could not be given with the approval of school authorities or as school affairs.

Witness, the Clerk of said Court, this 23d day of December, 1920.

LOREN MARTIN,  
Clerk Rush Circuit Court.  
Dec 27-Jan 3-10

### NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, administrator of the estate of Noah Matlock, late of said county, deceased.

Said estate is supposed to be solvent December 17, 1920.

MARTHA E. MATLOCK.  
Attest: Loren Martin, Clerk Rush Circuit Court.  
Donald L. Smith, Attorney.  
Dec 20-27-Jan 3

### NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Maria Ryan, deceased to appear in the Rush circuit court, held at Rushville, Indiana, on the 11th day of January, 1921, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness, the Clerk of said Court, this 18th day of December, 1920.

LOREN MARTIN,  
Clerk Rush Circuit Court.  
Dec 20-27-Jan 3

The Women's department Club

and other civic and social organizations grabbed up the standard in the crusade for morality and the battle goes merrily on.

## Classified Advertisement

Telephone Your Ads 2111

This page is read eagerly by the entire county daily. It is invaluable for merchants, farmers, professional men and all progressive people.

**TRY A WANT AD**

**WANTED**—Wearing apparel to clean, press, dye and repair. Sanitary Dry Cleaners. Phone 2308. 208ff.

### Miscellaneous For Rent

FOR RENT—Garage, 310 West 9th. See S. G. Rucker or phone 1260. 25013.

**In Loving Remembrance**

Of my dear wife, Ida May West, who fell asleep one year ago, January 1, 1920.

Surrounded by friends I am lone-some;

In the midst of my pleasure I am sad.

There are griefs that can not find comfort.

And wounds that cannot be healed.

But some day I hope to meet you Ida.

When my days on earth is over

On the beautiful Isle of Somewhere

Where sorrow I know no more.

Sadly missed by her husband,

WALTER WEST, JR.

## WAR WORKER TO RECEIVE REWARDS

Eleven States Have so Far Extended Financial Relief as Gratitude to its Soldiers

## NEW YORK LEADS THE LIST

Bonus Bills Will be Proposed at Many Legislatures This Winter, Including Indiana

New York, Jan. 3—Soldiers, sailors and marines,—and in some cases nurses, and first aid workers—who took part in the World War will be rewarded in at least eleven states of the Union.

That number has already authorized the expenditure of approximately \$150,000,000 for relief of veterans and for buying farms, obtaining medical relief and securing educations. Bonus bills have been proposed in a score or more other state legislatures, but have not yet been enacted.

The states that have so far extended financial relief in payment in part, at least, of its gratitude to its sons and daughters for their valiant service during the great conflict, are New York, New Jersey, Minnesota, North Dakota, Wisconsin, Washington, Massachusetts, Rhode Island, Maine, New Hampshire and Vermont.

New York's appropriation, naturally leads the list in point of size, on account of the fact that that state, with approximately 10 per cent of the nation's population, had the largest enrollment. The amount the Albany legislature voted for soldier bonuses was \$45,000,000. This sum was approved by the voters in a referendum at the November election.

Other amounts, where definitely set, follow: New Jersey, \$12,000,000; Minnesota, \$20,000,000; Wisconsin, \$25,000,000; Washington, \$31,000,000; North Dakota, \$600,000 (first year).

In Massachusetts, Maine, New Hampshire, Vermont and Rhode Island the bonus decided on was \$100 for each recipient, the amount to be raised by taxation.

In Alabama the legislature cancelled the veteran's poll taxes for five years.

Efforts were made in Illinois and Maryland last year to pass a bonus bill at the state legislatures, but they failed. A provision for soldiers aid was defeated by the Missouri electorate at the last election.

Further legislation is necessary in New York to determine a method of paying the bonus. Shortly after the legislature meets at Albany next month, it is expected that a commission will be created to work out a scheme. Soldiers, sailors, marines and nurses are to receive \$10 for each month of service. No officer above rank of captain may participate in the bonus.

New Jersey created a bonus commission to carry out the provisions of the soldier aid law approved by the voters. Every man and woman from New Jersey who volunteered or who was inducted into service under the draft laws will receive \$10 for each month of service, the aggregate individual bonus not to amount to more than \$100 however.

Minnesota granted \$15 for each month of service. The funds are to be raised by the sale of certificates of indebtedness sufficient to pay 110,000 bonuses.

North Dakota will pay \$25 for

## A Rushville Interview

## Mr. Heany Tells His Experience

The following brief account of an interview with a Rushville man five years ago, and its sequel, will be read with keen interest by every citizen.

John Heany, 616 W. 3rd St., says: "I had trouble with my kidneys and the secretions passed too frequently both day and night, and I had to get up several times during the night. It was very painful to pass the secretions and often they would hardly pass at all. They were highly colored and contained a sediment. My back was weak and lame too. I got a box of Doan's Kidney Pills at Johnston &amp; Co.'s Drug Store and they relieved me a great deal" (Statement given August 25, 1915.)

On November 4, 1920, Mr. Heany added: "I still have the same high opinion of Doan's Kidney Pills as I had several years ago. I use them occasionally and always get the same results."
